Closing the Achievement Gap

The achievement gap scale measures low-income and minority students' success rates in relation to their peers. The gap is considered 'closed' when the on-time degree completion rates of each group of interest are equal.

Average progress toward closing the gap by 2025:

Note: All completion data limited to first-time degree-seeking students who initially enrolled full-time in Indiana public institutions. Groups with fewer than 10 students are displayed as #N/A. Campuses with fewer than 30 students in a group are excluded from the achievement gap metrics. 'Minority' encompasses students self-identified as Black or Hispanic, 'Low-Income Grant Recipients' represents students who received a 21st Century Scholarship, Frank O'Bannon or Pell Grant.
