INDIANA GRADUATE MEDICAL EDUCATION BOARD

MEETING INFORMATION PACKET

DATE: FRIDAY, JANUARY 24, 2025

TIME: 11:00AM – 1:00PM EST

Meeting Packet Table of Contents

I. **Meeting Agenda**

II. **Minutes from Q4 Meeting – October 25, 2024**

III. **Program Development Grant Reports**

IV. **Scoring Subcommittee Recommendations**

V. **Indiana Business Health Collaborative Presentation**

VI. **2025 GMRP One-pager**

INDIANA COMMISSION for HIGHER EDUCATION

PUBLIC NOTICE

AGENDA

Graduate Medical Education Board Meeting

Date: Friday, January 24, 2025
Time: 11:00AM-1:00PM EST
Location: 101 West Ohio Street Ste #700, Indianapolis, IN 46204
Parking: 151 West Ohio Street, Indianapolis, IN 46204

To participate virtually, please use the Microsoft Teams Link

I. Call to Order

II. Roll Call of Members and Determination of Quorum

III. Review of October 25, 2024, Meeting Minutes*

IV. New Business

a. Board Chair Nomination*

b. Program Development Grant Reports

c. Scoring Subcommittee Recommendations

V. Discussion Items

a. Indiana Business Health Collaborative Presentation

b. 2025 GMRP One-pager

VI. Public Testimony

VII. Adjournment

**Indicates that a board vote is required*

Indiana Graduate Medical Education Board
Date: Friday, October 25, 2024
Time: 11:00 a.m. EST
Location: 101 West Ohio Street Ste #700, Indianapolis, IN 46204
Virtual: Microsoft Teams

Meeting Minutes

Board Members Present: Angie Zaegel, Clif Knight, Grace Greist, Jennifer Choi, Kevin Gebke, Rachel Shockley, Rob McLin, Steve Becker, Tom Sonderman, and Tricia Hern

Board Members Absent: None

Advisory Members Present: Eric Davis and Kelly Kolleck

Staff Present: Greg Harrell and Lucas Norrington

CALL TO ORDER

The meeting was called to order by Dr. Tricia Hern at 11:00 a.m. ET.

INTRODUCTIONS

Dr. Tricia Hern invited Kelly Kolleck to give a formal introduction to the Board as she will serve as the Indiana University School of Medicine student advisory member to the Graduate Medical Education Board for one year. Originally from Evansville, IN, Kelly completed an undergraduate degree at the University of Notre Dame, and she is in the process of completing her final year at the Indiana University School of Medicine.

ROLL CALL OF MEMBERS AND DETERMINATION OF QUORUM

Ten (10) Board members and two (2) advisory members were counted as being present. A quorum was determined to be in place.

REVIEW OF PRIOR MEETING MINUTES

Minutes from the July 26, 2024, meeting were reviewed. Dr. Tricia Hern called for a motion to approve the minutes. Dr. Jennifer Choi moved to approve the minutes; Dr. Rachel Shockley seconded. Motion passed 10-0.

NEW BUSINESS

2025 Graduate Medical Education Board Meeting Calendar*

Dr. Tricia Hern called for a motion to approve the 2025 Graduate Medical Education Board Meeting Calendar. Dr. Rachel Shockley moved to approve the minutes; Rob McLin seconded. Motion passed 10-0.

New Residency Expansion Grant Reports

Dr. Tricia Hern asked Lucas Norrington to provide an update on the New Residency Expansion grant reports.

The Board noted an opportunity to include Accreditation Council for Graduate Medical Education (ACGME) citations for insight into the likelihood of a program's success.

DISCUSSION ITEMS

Fiscal Review

Dr. Tricia Hern asked Lucas Norrington to provide a fiscal review. Lucas offered a presentation of the Board's appropriations and expenditures since its establishment, a review of the state's need for physicians provided by Tripp Umbach, and several spending plans if the Board receives future appropriations.

Grant Application Scoring Review

Lucas Norrington provided an analysis of the grant application scoring tool, and Board members held discussion on the scoring components that utilize the evaluator's discretion. A scoring subcommittee will convene and offer recommendations at the 2025 Q1 meeting.

Family Medicine – Obstetrics Fellowship

Dr. Hern invited the Board to discuss potential developments to the physician workforce via a family medicine-obstetrics fellowship that will train family physicians to perform C-sections and potentially provide more access to rural locations. Dr. Lindsay Weaver, Indiana State Health Commissioner, offered information from programs in surrounding states and resources from the Indiana Department of Health.

Upcoming Presentations

Dr. Hern noted that the Board will participate in presentations with the Indiana Rural Health Association in November, a virtual presentation with the Governor's Health Workforce Council in December, and a presentation with the Indiana Business Health Collaborative in January 2025.

Board Member Resolution

Dr. Hern asked Lucas Norrington to read the Board Member resolution honoring Dr. Tom Sonderman.

PUBLIC TESTIMONY

No public testimony was offered.

NEXT MEETING

The next meeting date was announced as Friday, January 24, 2025, at 11:00 AM Eastern Time at 101 West Ohio Street Ste #700, Indianapolis, IN 46204.

ADJOURNMENT

Dr. Rachel Shockley moved to adjourn; Dr. Clif Knight seconded. The motion passed 10-0, and the meeting adjourned at 12:46 p.m. Eastern Time.

Q1 Meeting

METHODIST HOSPITALS
FAMILY MEDICINE

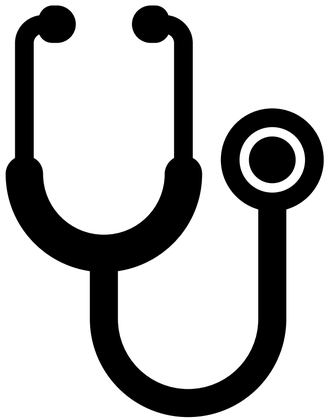

INDIANA COMMISSION for
HIGHER EDUCATION

THE METHODIST HOSPITALS, INC. – OVERVIEW

- Based in Gary.
- Approved for funding November 2023.
- Not ACGME accredited as of December 2024.
  - Application submitted on 1/13/2025.
- Contract agreement runs **7/1/2023 – 6/30/2025**.
- **$412,510** of contract amount is remaining.

THE METHODIST HOSPITALS, INC.– PROFESSIONAL DEVELOPMENT

- **Program Director** – Dr. Winifred Oniah, M.D.
- **Program Coordinator** – Andrea L. Williams
  - In collaboration with the SI, it is our intention to maintain high-quality educational experiences for our PD, PC, and residency faculty through their participation in **leadership conferences** sponsored by the **Society of Teachers in Family Medicine, the Association of Family Medicine Program Directors, the Annual Accreditation of Graduate Medical Education (ACGME) Meaning of Medicine conferences**, and through subsequent ACGME workshops which focuses on **compliance, accreditation standards, and internal reviews** to maintain residency program excellence.

THE METHODIST HOSPITALS, INC. – ANNUAL BUDGET

Contract #: 83195
Project : Indiana Graduate Medical Eduation Program Development Grant - Family Medicine
Funding Source: GMEB

DESCRIPTION	AMOUNT
Administative Support Wages and Benefits - July 1, 2023 - December 31, 2023	$ 8 7,490.00
TOTAL	$ 8 7,490.00

Send payment to:
The Methodist Hospitals, Inc.
Attn: Accounting - MC 302
600 Grant Street
Gary, IN 46402

THE METHODIST HOSPITALS, INC. – CHALLENGE

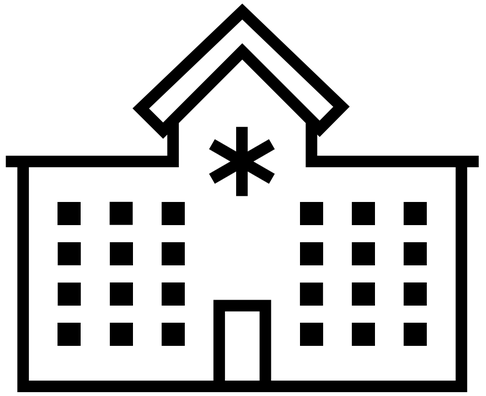

- There have been **no significant challenges** in developing our Family Medicine Residency Program.

- We are in the phase of finalizing our application to the ACGME for review and approval. It is anticipated that once the application is filed, that we will receive an ACGME site visit on or before **June 30, 2025.**

THE METHODIST HOSPITALS, INC. – OUTCOME

- Hiring of our Family Medicine Program Director and our GME Program Director/Residency Coordinator positions
  - Both individuals have been actively working to develop and refine the ACME application and a very comprehensive Family Medicine training curriculum. This activity is also coupled with the recruitment of a considerable number of teaching faculty for program training and support. In moving forward, the grant will also assist the hospital with covering cost associated with meeting ACGME standards in the areas of quality improvement initiatives, evaluative processes, and with the infrastructure that will be necessary to support our Family Medicine Center.
- Overall, all of the aforementioned is warranted to establish a residency program that is prepared to bring forth the next generation of well-trained Family Medicine physicians.

IUSM Bloomington
INTERNAL MEDICINE

INDIANA COMMISSION for
HIGHER EDUCATION

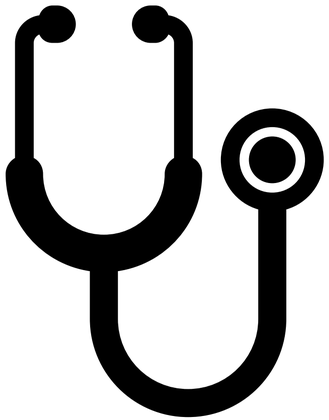

IUSM IM – OVERVIEW

- Based in Bloomington.
- Approved for funding October 2021.
- Not ACGME accredited as of December 2024.
  - Application submitted on 12/17/2024.
- Contract agreement runs **7/1/2022 – 6/30/2025**.
- The full contract amount of **$500,000** has been fully invoiced.

IUSM IM – PROFESSIONAL DEVELOPMENT

- **Program Director** –M. Wilson MD PhD

- **Program Coordinator** –Tess Wertz

1. Program director attends PD GME training series
2. APD and core faculty start monthly internal faculty development sessions December 2024
3. All faculty preceptors will receive written materials about teaching; invited sessions for training in simulation, evaluation and med hub.
4. All core faculty will start weekly meetings to train in GME systems as soon as January 2025.
5. All core faculty will complete ACGME on line modules about site visit, program policies in January prior to ACGME site visit.
6. Journal club, didactic preparation and simulation training for core faculty at the IU Bloomington campus.
7. PD, PC, and ADIO attending ACGME in February 2025.
8. PD, ADIO presenting at ACGME.
9. PD, PC attending AAIM in 2025.

IUSM IM – ANNUAL BUDGET

IUSM-Bloomington Internal Medicine State of Indiana Development Grant Expenditures

					Grant funds	500,000	
					In Kind	55, 477.60	

IUSM IM – CHALLENGE

- Delay in starting while seeking experienced PD. Dr. Wilson has been the Med-Peds APD in Indianapolis and is an experienced educator.

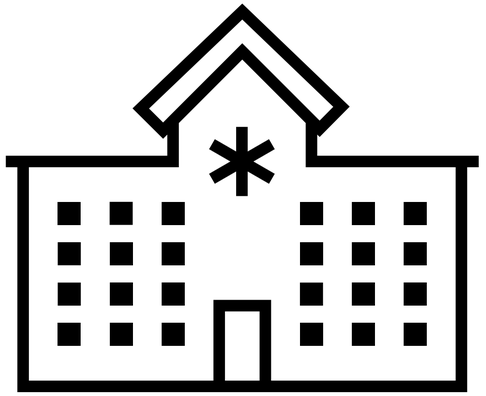

- Delay in submission of PIF due to identification of core faculty and arrangements with clinical sites.

IUSM IM – OUTCOME

- The grant has enabled support of the hiring of the PD, APD, PC and ADIO. It has allowed faculty development time allocation for core faculty and submission of documentation to support the IM program development in continuity site as well as hospital.

- It has enabled attendance at AAIM, ACGME and planning for meetings in 2025.

IUSM Bloomington
EMERGENCY MEDICINE

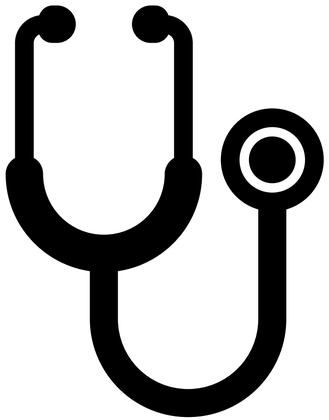

INDIANA COMMISSION for
HIGHER EDUCATION

IUSM EM – OVERVIEW

- Based in Bloomington.
- Approved for funding October 2021.
- Not ACGME accredited as of December 2024.
  - Application submitted on 6/24/2024 – site visit by ACGME.
- The full contract amount of **$500,000** has been fully invoiced.

IUSM EM – PROFESSIONAL DEVELOPMENT

- **Program Director** – Dr. A. Humbert MD
- **Program Coordinator** – E. Rucker
  - 1. Program director course sponsored by GME office of IUSM
    2. APD, core faculty participation in monthly faculty development sessions
    3. All non-core faculty participate in monthly section education by Dr. Humbert
    4. Program director, APD, coordinator attend CORD, ACGME meetings
    5. ACGME presentation with ADIO and APD March 2025 (accepted)
    6. Journal club quarterly led by core faculty
    7. Monthly simulation sessions for faculty using Bloomington Sim center
    8. Ongoing scholarly activity sessions at monthly faculty meetings

IUSM EM – CHALLENGE

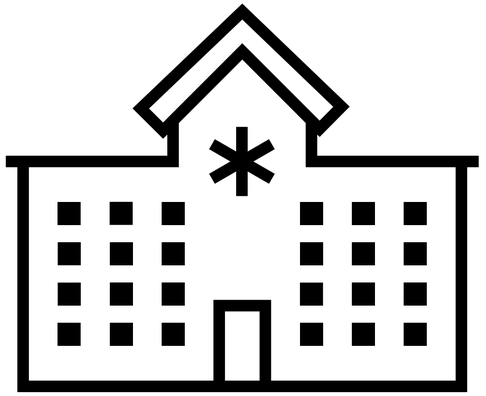

- 1. EM denied initial accreditation (January 2024). Resubmission in spring 2024 followed by ACGME site visit in June 2024. Awaiting decision in January 2025 of EM RC.

- 2. Hiring of faculty for GME naive site took time.

IUSM EM – OUTCOME

- Hiring PD with experience from Indianapolis to start program
- Hiring ADIO with experience to start GME efforts in region
- Hiring coordinator
- Supporting core faculty and all participation in CORD< ACGME and ongoing training activities

INDIANA COMMISSION *for*
HIGHER EDUCATION

Indiana Graduate Medical Education Board
Date: Friday, January 24, 2025
Time: 11:00 a.m. EST
Location: 101 West Ohio Street Ste #700, Indianapolis, IN 46204
Virtual: Microsoft Teams

Review 1: Involving a collaborative approach…

"Such as a consortium, FQHC, Hospital Systems, Critical Access Hospital, other"

Recommendation: Tiered scoring – ***1 collaboration*** *is 5 points,* ***2 collaboration*** *is 10 points,* ***3+ collaborations*** *is 15 points.* Max of 15 points, rather than 20.

Questions:

- What does the ideal number of collaborations look like? Which of the July applications excelled at this? Should this maintain its score, increase, or decrease?

Feedback:

- This serves as a driver of engagement and diversifies the sites.
- This does not necessarily need to be an FQHC.
- **Examples of collaborative partners:** Critical Access, FQHC, Behavioral Health Provider, Medical School.

Recommendation 2: Strength / Completeness of application…

"Faculty commitment, Letters of recommendation, Financial Commitment - may include comments below:"

- What are standard components that Board members can anticipate and score?
    - ACGME Status
    - Community Support
    - Medical Side Support

Recommendation 3: (Feasibility and Program Development ONLY) Naïve specialty/density of residency in the area…

No changes.

- Questions:
    - Is there a method to implement the need in Indiana?
    - Method to implement the specialty?
        - Is the Bowen Center able to determine the need-prioritization between the seven specialties?
        - Is this still the correct list of specialties for this Board?

Recommendation 4: Page Count

Limit all applications to 50 pages.

Recommendation 5: Maximum application score…

Decrease total Residency Expansion Application score to 100 points, rather than 105.

Considerations Moving Forward

- Retention of residents to replace "Priority Score for 5 year and new programs"?
    - Not now, but potentially in the future. 2030?
    - Important to provide grantees with sufficient time to track and prepare this data.
- Should the Board consider additional specialties?

Graduate Medical Education Board

Impact and Future Direction

Tricia Hern MD, Board Chair, SVP Academic Affairs & Physician Development & DIO, Community Health Network

Lucas Norrington, Graduate Medical Education Board & Events Manager, Indiana Commission for Higher Education

Presentation to Indiana Business Health Collaborative, January 14, 2025

INDIANA GME DATA

- Total Programs in Indiana = **151**
  2.20 / 100,000 population (Ohio = 5.68; Illinois = 4.53; Michigan = 6.02)

- Total Pipeline Programs in Indiana = **58**
  0.85 / 100,000 population (Ohio = 2.28; Illinois = 1.86; Michigan = 2.96)

- Total Pipeline Residents Training in Indiana = **1,421**
  20.71 / 100,000 population (Ohio = 53.78; Illinois = 47.93; Michigan = 64.21)

- **Indiana ranks # 46** of all states and D.C.
  Alaska, Idaho, Montana, S. Dakota, and Wyoming have less

- Total PGY-1 Residents in Indiana = **460**

- Approximate Medical School Graduates in Indiana = **500**

Graduate Medical Education Board (GMEB) – Est. 2015

Feasibility Study

- Assess entity's ability to initiate a residency program.
- $75,000 – One year

13 Grants

Program Development

- Building infrastructure of residency program, emphasizing the hiring of a Program Director and initial accreditation.
- $500,000 – Two years

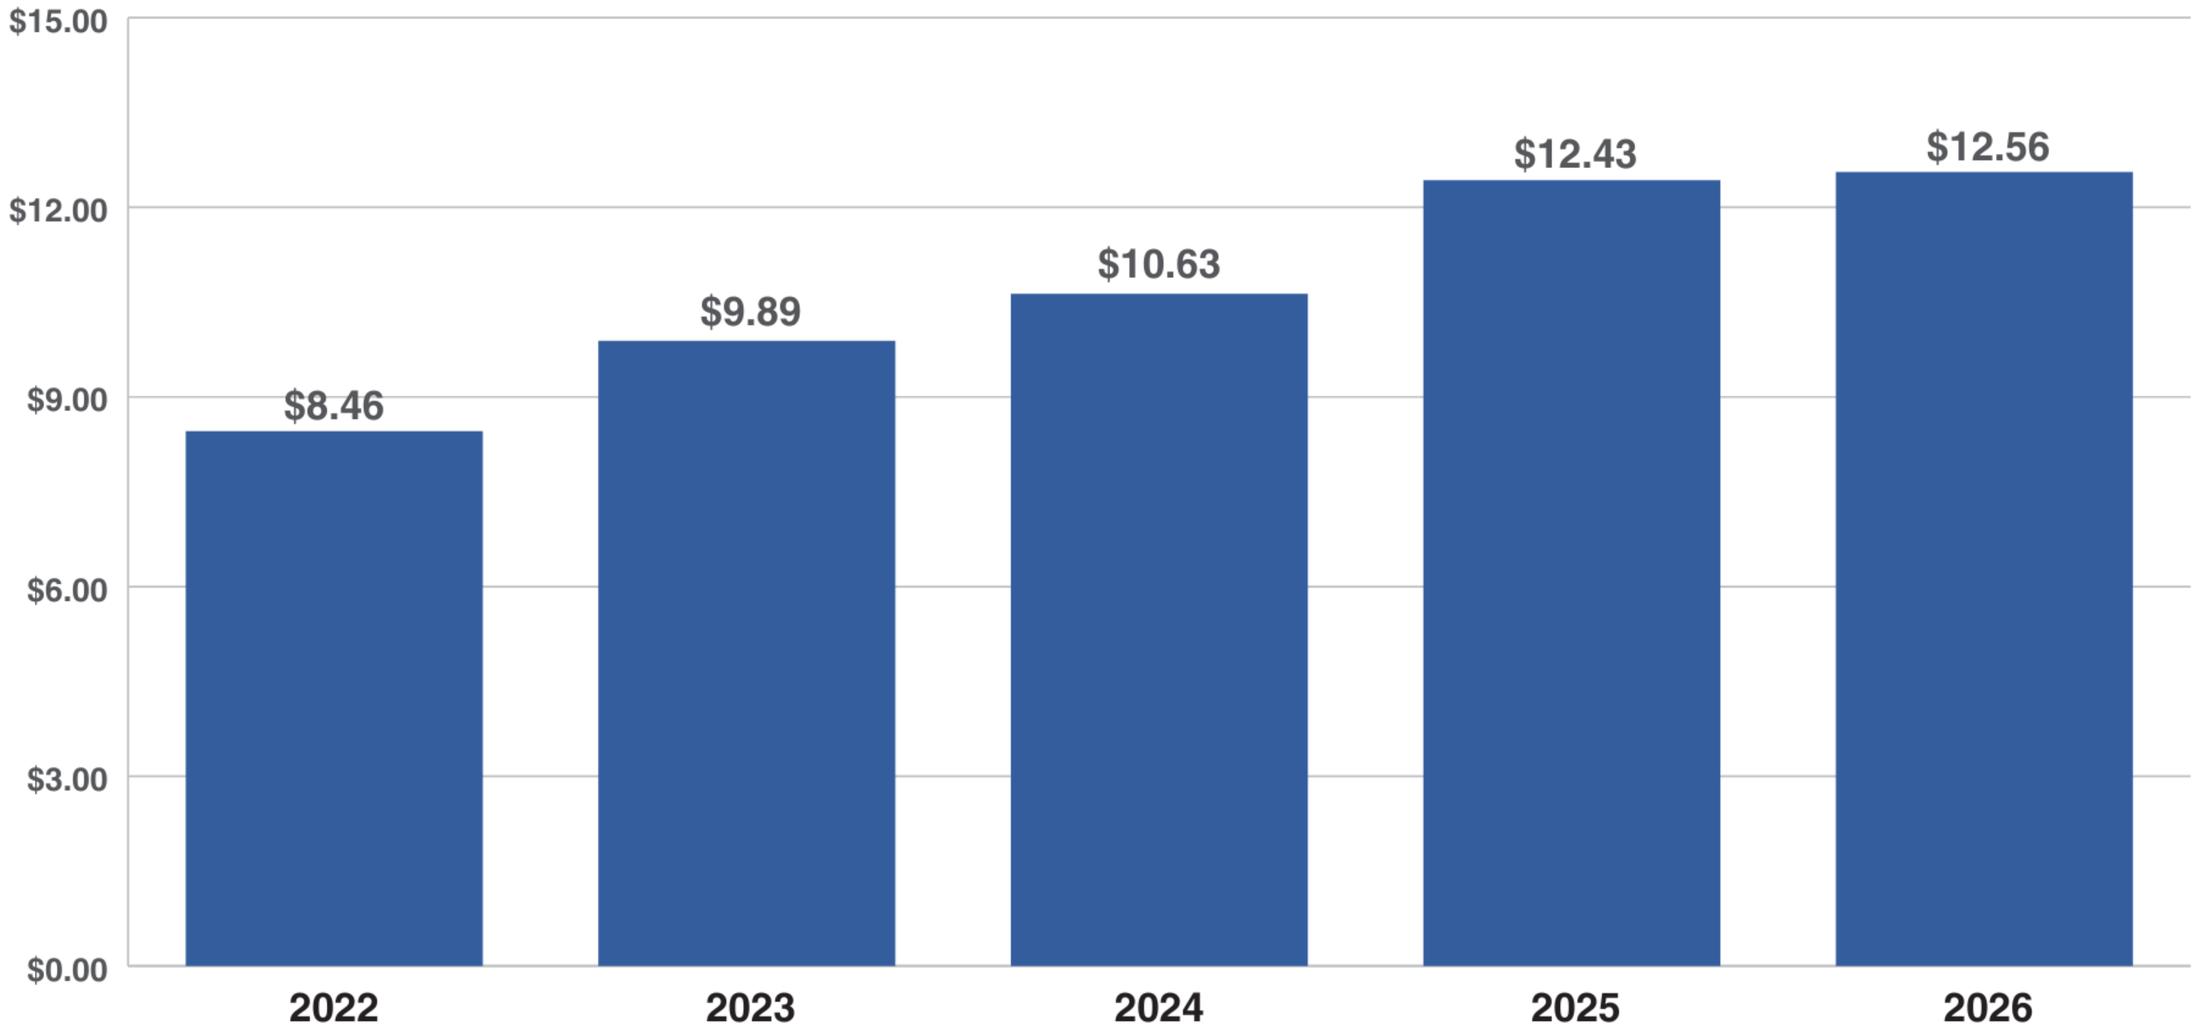

14 Grants

Residency Expansion

- Support the ongoing cost of medical residents.
- $45,000 – Per resident per year, variable duration

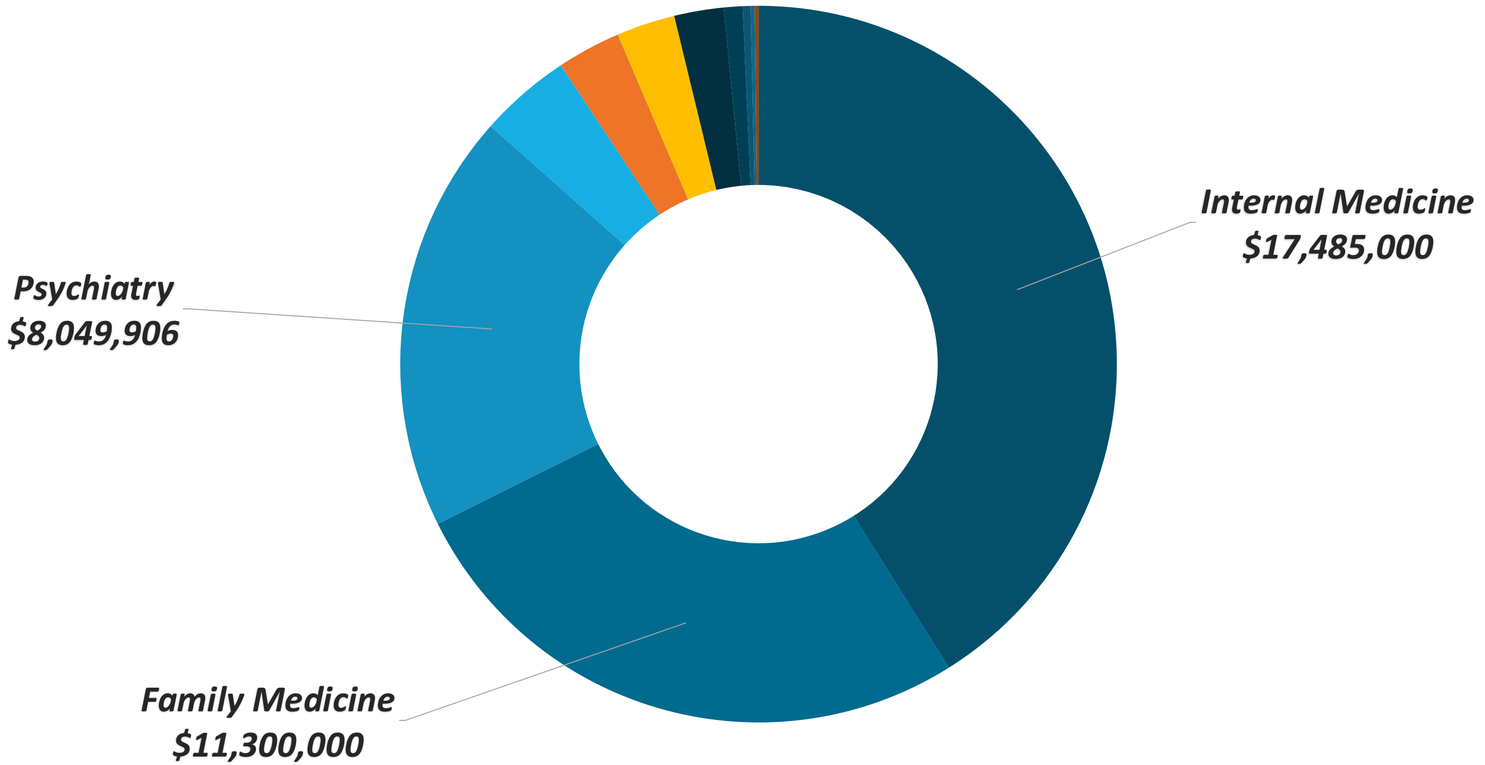

41 Grants

Tripp Umbach – Estimated Return on $1 Invested

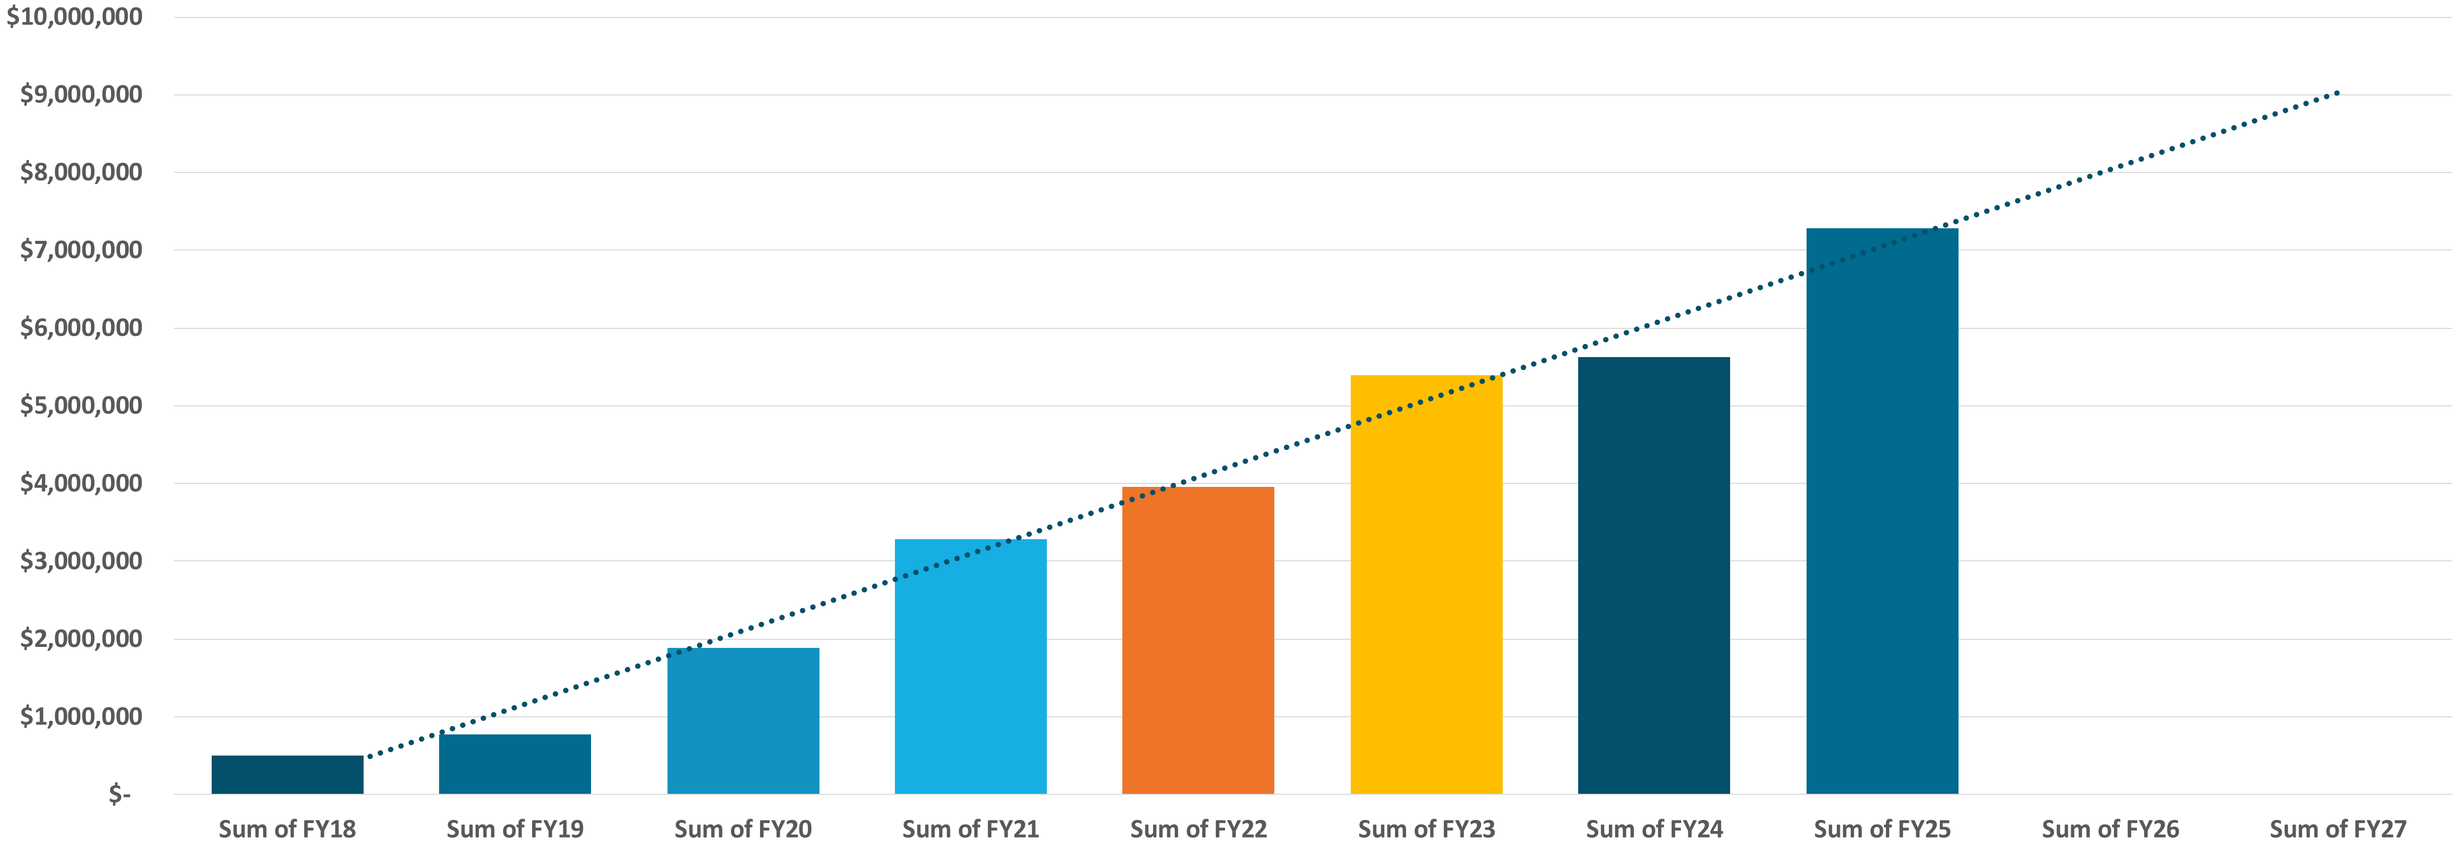

GMEB – Grant Awards By Specialty

1. **Outpatient Community-Based Internal Medicine**
2. **Family Medicine**
3. **Psychiatry**
4. **General Surgery**
5. **Emergency Medicine**
6. **Outpatient Community-Based Pediatrics**
7. **OB/GYN**

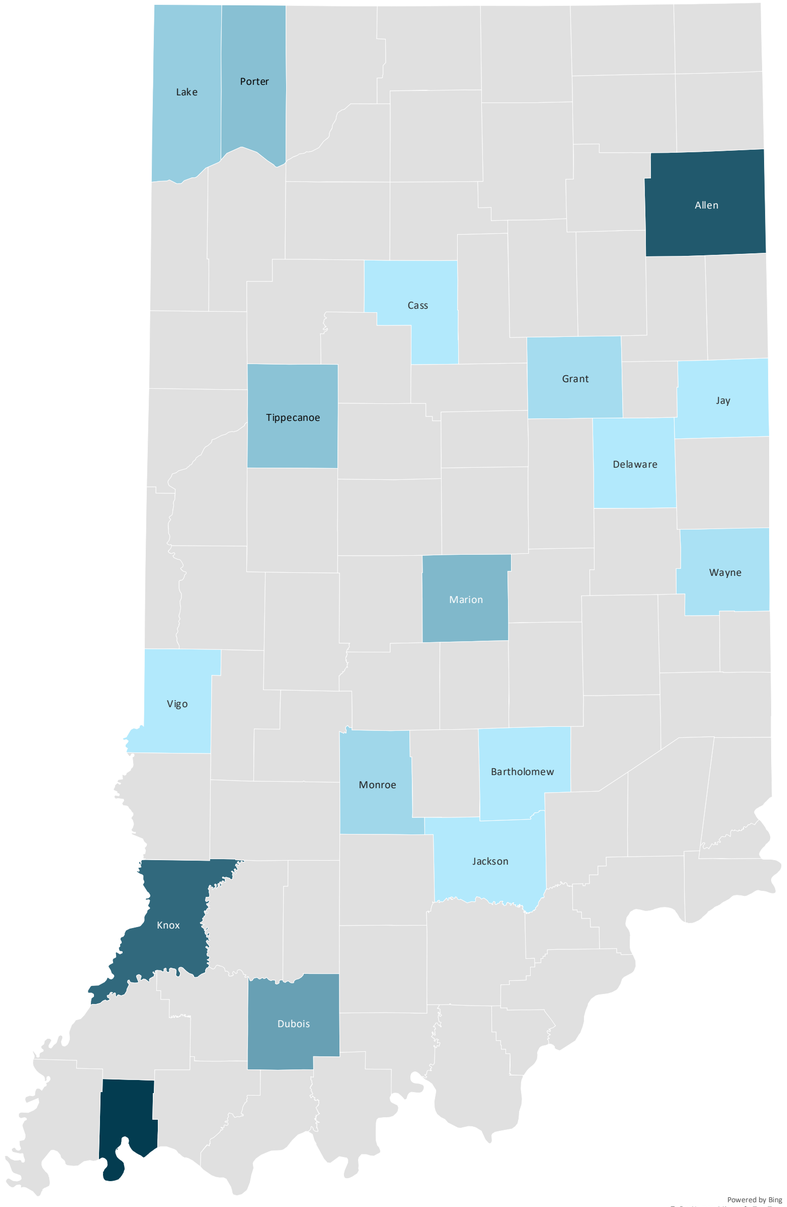

Residency Expansion Grants

Data at a Glance

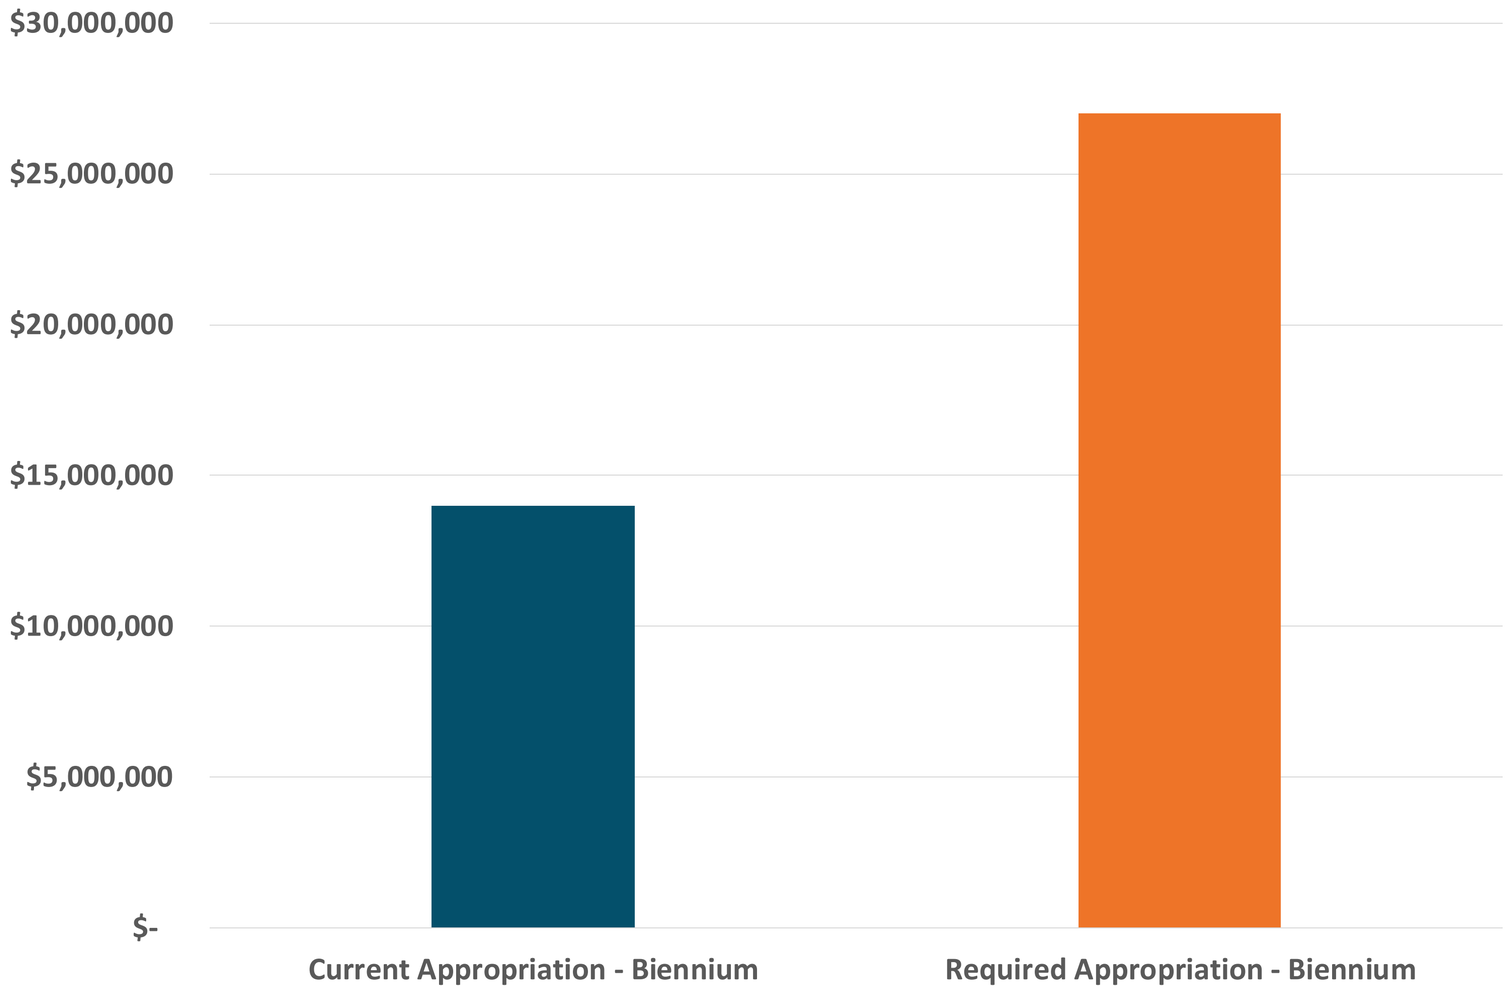

- **$42,500,000+** in Grant Awards
- Funding for **265** Resident Physicians
- **Nine** medical residencies erected with GME funding
  - **Five** new residencies will open by July 1, 2026
  - 2027: Anticipated statewide growth of **30** Resident Physicians

INDIANA COMMISSION for HIGHER EDUCATION

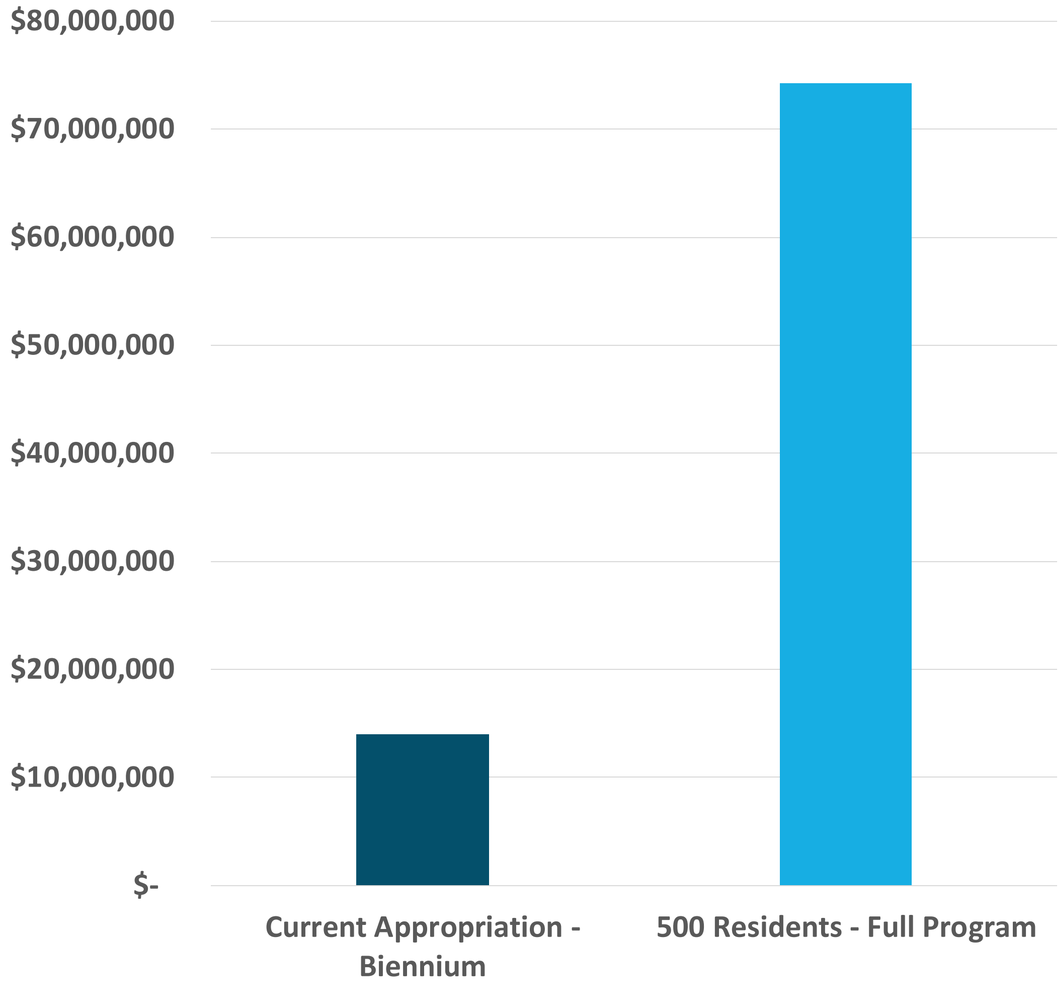

Required Funding: Maintain Current Programs

- To support established and developing GMEB-funded programs, the Board will require approximately:
  - **$13,501,323 annually**, or
  - **$27,002,647 per biennium.**

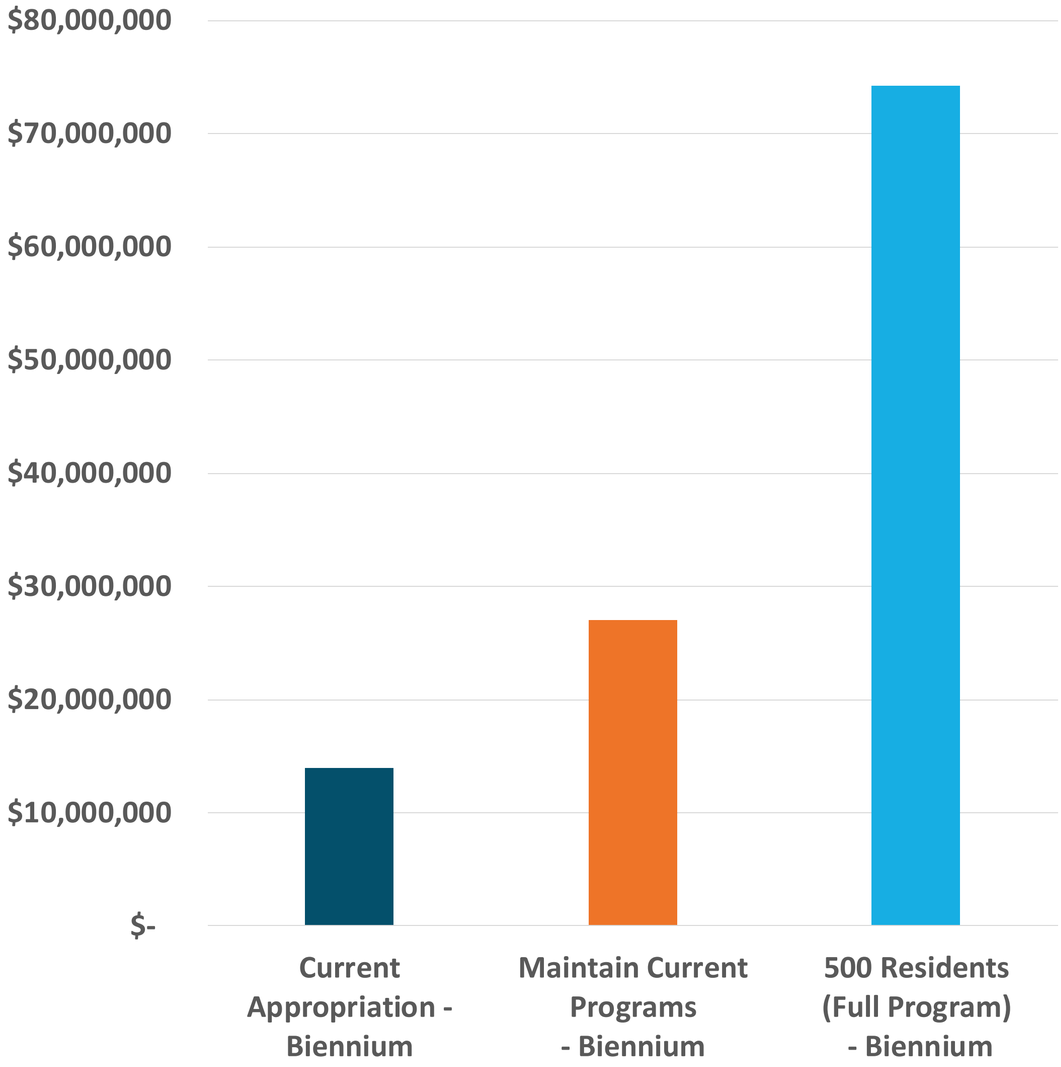

Required Funding: Moving Forward

- If **500 resident physicians** participate in:
  80% 3-year,
  10% 4-year,
  10% 5-year programs:
  $74,250,000*
  - *Approximate cost to close physician shortage.*
  - *This figure is not limited to the biennium.*

Required Funding: Moving Forward

- If **500 resident physicians** participate in:
  80% 3-year,
  10% 4-year,
  10% 5-year programs:
  $74,250,000*
  - *Approximate cost to close physician shortage.*
  - *This figure is not limited to the biennium.*

GOAL

- Current appropriation, **$14 million per biennium**, is insufficient to support existing grantees
- Remaining gap of approximately **500 physicians** despite current GMEB efforts
- GMEB Needs:
  - Continued partners (hospitals, FQHCs, health systems and collaboratives) to invest in GME/residency programs, particularly specialties of highest need
  - GMEB appropriation needs to **increase by 2x** to continue support of GMEB-funded physicians and programs, and **4x** to bring Indiana in line with neighboring states related to physician workforce

INDIANA COMMISSION *for*
HIGHER EDUCATION

INDIANA GRADUATE MEDICAL RESIDENCY PROGRAM:

Meeting State Need for Quality Primary Care Physicians

NEED

- Each year, **Indiana loses 133 quality resident physicians** to other states
- Indiana **will need an additional 817 primary care physicians by 2030**
- Nearly **70% of doctors** end up practicing medicine near the location of their residency programs

GOAL

- **By 2028**, expand the number of physicians training in Indiana by **over 350**

PLAN

- Indiana lawmakers created the **Graduate Medical Education (GME) Board** in 2015 to expand graduate medical education residency opportunities across the state.
- Since the Board's establishment, the Indiana General Assembly has provided continued funding for the state's **GME Expansion Plan ($5 million in 2022 and $7 million in 2023 and 2024). Indiana has increased the number of resident physicians by over 260, and residency slots by more than 770**.
- Continued investment in the state's physician pipeline is critical to meeting increasing primary care physician demand, especially in rural and underserved areas, increasing positive health outcomes, and increasing the quality of life for all Hoosiers.

BENEFITS

- On average, every resident physician who becomes a primary care physician within an underserved area generates a **$3.6 million economic impact on the region**.
- On average, every resident physician generates **$1.5 million each year** they remain in a community to practice medicine.
- Each physician's practice within the community on average **creates an additional 6-7 jobs**.
- Statewide, the economic impact of current and planned new resident physicians from Indiana medical resident programs is **expected to reach $332 million by 2025**.

MEASURING PROGRESS

Over **260** new resident physician positions and over **770** residency slots created

Over $40 Million Awarded

- Residency expansion: $34 Million
- Residency program development: $7 Million
- Residency feasibility study: $929,000

Residency Program Development and Residency Expansion grants awarded to:

- Community Health Network
- Fort Wayne Medical Education Program
- Franciscan Health - Indianapolis
- Indiana University Health - Bloomington
- Indiana University School of Medicine - Arnett
- Indiana University School of Medicine - Indianapolis
- Marion Health
- Methodist Hospitals, Inc.
- Northwest Health
- Northwestern Indiana GME Consortium
- Parkview Health
- Reid Health
- Southwestern Indiana GME Consortium

An additional 176,750 direct primary care hours will result from new resident positions

Future Indiana Residency Expansion Plans (FY2025 and FY2026)

Psychiatry; Family Medicine
Indianapolis; up to **3** resident physicians

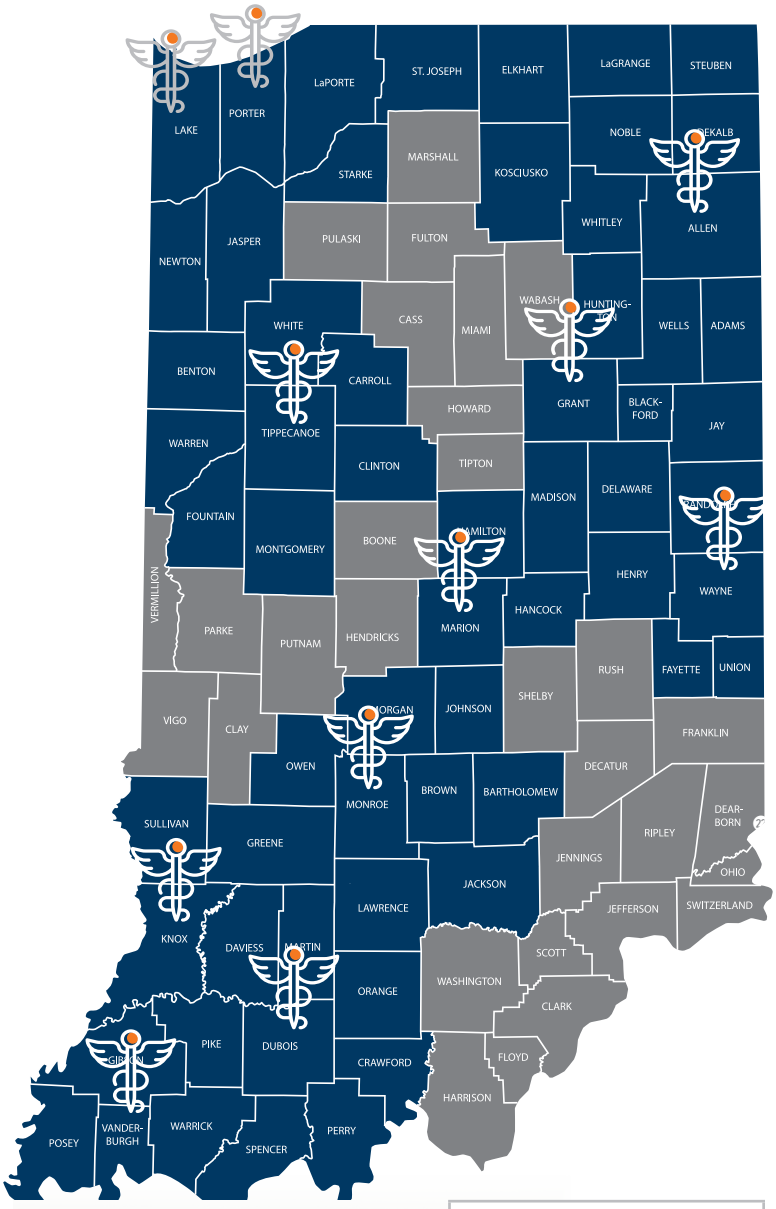

Family Medicine
Marion; up to **6** resident physicians

Family Medicine; Internal Medicine; Psychiatry
Northwest Indiana and surrounding counties; up to **23** resident physicians

Family Medicine; General Surgery; Internal Medicine; Obstetrics and Gynecology; Psychiatry
Fort Wayne; up to **43** resident physicians

Family Medicine; Internal Medicine; Psychiatry
Southwestern Indiana and surrounding counties; up to **87** resident physicians

The **Graduate Medical Education Board** was created in 2015 to expand medical education in Indiana by funding new residency program slots at licensed hospitals and qualifying non-profit organizations. The board may grant funds to support residents who are not federally funded, provide technical assistance to organizations that wish to establish residency programs, cover infrastructure costs for residency program expansion, and provide startup funding for residency programs.
