INDIANA COMMISSION *for*
HIGHER EDUCATION

TO: Indiana Legislative Council

FROM: Dr. Katie Jenner, Secretary of Education

RE: Student Enrollment Reporting (IC-21-40-6-1)

DATE: October 31, 2025

Pursuant to IC 21-40-6-1, no later than November 1, 2025 and each November 1 thereafter, the Commission must make a report available to the legislative counsel and on the Commission's website containing student enrollment information at each state educational institution and in each state educational institution's programs of engineering and computer science with additional disaggregation by residency, citizenship, country of origin, and dual credit / dual enrollment status.

Summary

In 2024, almost 53,000 students across Indiana public institutions were enrolled in programs related to Computer Science and Engineering representing 19% of the overall total enrollment (N = 284,608 students).

Year	Institution	Degree-Seeking Headcount	Total Enrollment in Engineering and Computer Science	% of Total Enrollment in Engineering and Computer	Total Dual Credit Enrollment (high school)
2024	Ball State University	21,529	759	4%	1,397
2024	Indiana State University	9,061	923	10%	1,015
2024	Indiana University-Bloomington	49,370	4,117	8%	12,305
2024	Indiana University-East	3,421	80	2%	1,109
2024	Indiana University-Indianapolis	27,758	4,336	16%	182
2024	Indiana University-Kokomo	2,881	139	5%	2,557
2024	Indiana University-Northwest	3,346	94	3%	2,035
2024	Indiana University-South Bend	4,962	313	6%	2,805
2024	Indiana University-Southeast	4,111	266	6%	1,173
2024	Ivy Tech Community College	75,219	9,497	13%	90,490
2024	Purdue University-Fort Wayne	6,797	1,880	28%	3,842
2024	Purdue University-Northwest	7,439	1,888	25%	2,269
2024	Purdue University-Polytechnic Statewide	675	466	69%	10
2024	Purdue University-West Lafayette	54,866	26,301	48%	71
2024	University of Southern Indiana	8,488	827	10%	2,491
2024	Vincennes University	4,685	1,081	23%	16,000

A total of 9,400 students from countries other than the United States were enrolled in programs related to Computer Science and Engineering, representing about 18% of the total enrollment in those programs. Of this enrollment, 46% of the students had a reported country of origin of India (N = 4,386), followed by 16% from China (1,507), and 5% from South Korea (N = 482). A suppressed version of the dataset used to generate this report will be made available on the Commission's website.
