#### Other Programs

**Link:** <http://law.nd.edu/academics/clinics-and-experiential-learning/clinics/intellectual-property-and-entrepreneurship-clinic/>

- The Intellectual Property and Entrepreneurship Clinic launched in January 2012 and is now available to assist clients. The purpose of the clinic is to provide students with valuable experience in applying substantive intellectual property law to client problems, and to offer assistance to local businesses and entrepreneurs with counsel on intellectual property related issues. Students work under the close supervision of the clinic Director, Jodi Clifford, a patent attorney who has substantial private practice experience.
