3. TEAMS Training – Katie Wilson: We will be piloting a new software tool for the Commission, and all EOTF members will receive an invitation to download Microsoft Teams. You don't need to do anything with the

invitation before the meeting; however, please do not delete it. We will need this invitation in order to participate in the 30 minute training during the meeting.

4. Brainstorming for 2020-2022 EOTF Charter Objectives Ideas Received:
 - a. Look at standardizing a transition framework from behavioral health centers (both acute and residential) for the next steps for the 2020-2022 years – is there a law about this being done from residential to schools already in place or should we look into the possibility of adding to legislation?
 - b. More Youth Voice included the Task Force
 - c. Mental health Safety Plan – legislation SB359 – Bethany will post in teams
5. Subcommittee reports – To be conscientious of time, all co-chairs should be prepared to present their updates in less than 10 minutes.
 - a. Education Passport Model Update:
 - i. Phase Two: Explore potential implementation Options
 1. Who will lead this subcommittee?
 2. What voices are needed to contribute?
 3. What funding options are available for the development of a database of this magnitude?
 4. Who would be the owner/administrator of the database?
 - b. School Discipline and Climate Update:
 - i. Status Update: Recommendations from Cultural Competency/Awareness review of the report offered at the July CISC meeting were implemented and updated on the DOE’s website.
 - ii. What is the plan to address the task force’s charge to stop the tide of bullying?
 1. Address it from school culture and climate perspective. Creating a resource guide for inventions and support for schools, in addition to creating a resource guide for parents to manage expectations and understand steps that need to be taken. Working with CPLI to draft these FAQ scenarios.
 - c. Mental Health Support in Schools Update:
 - i. Has a meeting been arranged to address next steps listed below:
 1. How can we evaluate the designated mental health support person in schools is in place and effective?
 2. What is current status of information learned through DMHA request to CMHCs? Process is a bit slow going for the data analysis due to the large amount of data received, working to find an evaluator. Rough data review shows 60% of schools reported to DMHA have BA level staff in school 1-3 times per week.
 - d. Alternative Education Options Update
 - i. Kimb Stewart has accepted the role of co-chair and is working to identify her potential co-chair
 - ii. Potential members to assist
 - iii. What are the first steps that need to occur to begin the work
6. Are there any programs of interest that the task force members believe would be beneficial towards the achievement of our objectives?

7. Executive Director Update –
8. Communications (items CISC would like you to communicate out to your stakeholders, and items you would like communicated out to others)
9. Data Needs (identify any needs for data sharing or mapping, determine if someone in the Task Force has access to the needed data, if not, forward request to Data Sharing and Mapping Committee)
 - a. Discussion around the data shared from the student needs report, the CMHC surveys, and foster & homeless reports and how we can use this information to identify education gaps needing extra support for our at-risk populations – when all reports have been published.
10. Next meeting date, time, location – November 15, 2019 – 10am to Noon – IGCS Conference Room 1
11. Review action items identified in today's meeting
