**Citizens Comments**

- **John Pettit, 402 Ravine Park Drive (on behalf of FLA – Future Ligonier Alliance)**

A form for installation and maintenance of the way findings signs needs to be signed. John questioned if the city or FLA would be responsible for future maintenance.

After discussion it was decided that the city should assume future maintenance of the signs and the street department personnel will install the signs, leading to the following.

***Motion to assume responsibility for and install the way finding signs and authorize the signing of the necessary documents: Tom Janes***      ***Second: Earle Franklin***      ***Vote: All Ayes***

**Unfinished Business**

- **Winegardner – billing at two separate addresses**

At the previous meeting, Todd Winegardner was present to discuss two separate billings for city utilities. He moved from one home in the middle of the billing cycle. Therefore, a final billing was issued at the old address and a billing at the new address as well (both being minimum bills). This is standard procedure.

***Motion to take no action: Earle Franklin***      ***Second: Patty Fisel***      ***Vote: All Ayes***
