**Comments by Members of Council and Administration**

**Street Superintendent Mike Burdette**

- Plan to remove dead trees when weather permits.
- Working with Park Department to identify trees throughout parks that need removed.
- Time to start taking request for Sidewalk 50/50 program plan for the year.

**Water Superintendent Jeff Boyle**

- Updated council on the project.
- Will work with Public Safety Director/Police Chief Bryan Shearer about future road closing on North Street and Cavin Street.

**Public Safety Director/Police Chief Bryan Shearer**

- LIDC currently owns the land where the compost site is located. They have graciously let the city use this land for many years and now it is needed to help grow our industry, which is what the land is intended for. Street Superintendent Mike Burdette and I have been working together on looking at other possible sites to relocate the compost site.

**Council Member Chris Fought**

- Ask if there was anything that could be done about the flags at the old china buffet that is no longer in business.
- Thanked Police department for their quick response in handling recent events.

**Council President Ken Schuman**

- Received calls about how quick the Police responded to recent events. Thanked the Police Department.

**Chief Deputy Clerk Trish Clark**

- Commended Bryan Shearer on how he handled the media in recent events and how gracious he was in praising the surrounding and regional law enforcement along with our local law enforcement and the citizens for the quick response.

**Mayor Fisel's Comments**

- Thanked Bryan's police force, and first responders for how they handled the situation and how quickly it was taken care of. Stated the people that committed these crimes were not residents of our city.

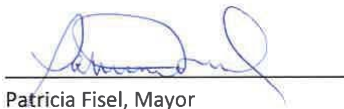

**Adjournment**
