## Community Risk and Protective Factors

Risk Factors	Resources/Assets	Limitations/Gaps
1. Availability of Alcohol and Other Drugs	1. School Resource officers in all schools. 2. Strong police presence in the community. 3. Substance abuse education and prevention programs during and after school. 4. Prescription take back events and drop off sites in several areas of the community.	1. Substance abuse education and services for youth. 2. Parent education events. 3. Community awareness events.
2. Peer Substance Use	1. Therapeutic services. 2. Prevention education/programs. 3. Peer led events, i.e. After Prom.	1. Misconceptions of effects of substance use and abuse. 2. Lack of youth activities. 3. Therapeutic services.
3. Limited Prevention and Recovery Resources	1. Treatment facilities. 2. Prevention education/programs 3. Recovery community 4. Jail based programs including peer mentoring and high school equivalency education and testing	1. Affordability of Services 2. In-patient treatment facilities 3. Jail based treatment
Protective Factors	Resources/Assets	Limitations/Gaps

1. Meaningful Youth Engagement Opportunities	1. After Prom Events 2. Youth Prevention Programs 3. Organized Sports teams 4. After School Clubs 5. Youth Volunteer Opportunities	1. Youth Prevention Programs 2. Youth volunteer opportunities 3. Youth led community events
2. Access to Substance Abuse Treatment and Mental Health Care	1. Treatment Services 2. Recovery Services 3. Mental Health Services	1. In-patient treatment 2. Affordable treatment options 3. Peer recovery support
3. Community-based Interventions	1. Opioid Quick Response Teams 2. Recovery/Support Groups- including sponsors and peer recovery coaches. 3. Faith-Based community supports 4. Organizations that reduce barriers such as food pantries, housing opportunities, employment opportunities. 5. Recovery Homes	1. Services specific to opioid overdose. Need to expand services to multi-substance abuse 2. Increase peer recovery specialist services 3. Narcan education and availability of Narcan.

## Making A Community Action Plan

### Step 1: Create + Categorize Problem Statements

Risk Factors	Problem Statement(s)
1. Limited Prevention and Recovery Resources	1. There continues to be alcohol use among youth and alcohol abuse among adults in Hamilton County.
2. Peer Substance Use	1. There continues to be drug abuse among youth and adults in Hamilton County.
3. Availability of Alcohol, Tobacco, and Other Drugs	1. There continues to be tobacco product and nicotine vaping use among youth and adults in Hamilton County.

### Step 2: Evidence-Informed Problem Statements

Problem Statements	Data That Establishes Problem	Data Source
1. There continues to be alcohol use among youth and alcohol abuse among adults in Hamilton County.	1. 2019- Alcohol related charges among minors totaled 228. 2. 2019- Adult OWI (alcohol) misdemeanor charges totaled 608. 3. 2019- Adult OWI felony charges totaled 105. This included 5 OWI charges resulting in serious bodily injury or death. 4. The Hamilton County Drug Court has been accepting participants into the program for ten years (2010-2020). During this time the Drug Court 188 persons being admitted to the program. Participants have ranged in age from 18 years old to 66 years old, with 131 men and 57 women as participants. During the past ten-year period,	1. HC Prosecuting Attorney's Office 2. HC Prosecuting Attorney's Office 3. HC Prosecuting Attorney's Office 4. Hamilton County Drug Court

	<p>seventy (70) participants have been terminated from the program. During the ten-year period seventy-four (74) participants have graduated including fourteen (14) graduates during 2019. During 2019, 4010 urine drug screens were administered with drug court participants and forty-eight (48) screens came back positive on eighteen (18) of the participants. Six (6) screens were positive for alcohol.</p> <ul style="list-style-type: none"> <li>5. 2019- Hamilton County 20% of residents are excessive consumers of alcohol, compared to state's 18%. Hamilton County, 21% of the driving deaths were a result of alcohol impaired drivers, compared to the state's 20%.</li> <li>6. 2018- Substance Abuse Treatment admissions for Hamilton County was 874, 63% of the clients identified alcohol was their drug of choice.</li> <li>7. The Hamilton County Department of Probation Services has approximately 800 high or moderate risk clients on adult probation.</li> <li>8. 2019- The Suburban North Club offered 54 recovery meetings with over 50,000 attendees. The Club collaborates with Hamilton County Justice system, they signed over 8500 court</li> </ul>	<ul style="list-style-type: none"> <li>5. 2020 County Health Rankings</li> <li>6. Indiana State Department of Health Treatment Episode data</li> <li>7. Hamilton County Department of Probation</li> <li>8. Suburban North Club</li> </ul>

	<p>cards for recovery meeting attendance.</p> <p>9. 2019- Juveniles referred to Probation, total 716. Possession of alcohol, 120 total juveniles. Possession of marijuana, 239 total juveniles. Thirty-six percent of the total referrals with drug or alcohol related. Six OWI offenses. Ten dealing marijuana offenses. Nineteen possession/dealing of controlled substance.</p> <p>10. Hamilton County Court Assisted Rehabilitative Efforts (CARE), assessed 1,782 individuals to determine treatment or education services to recommend. Fifty-Three percent of the individuals assessed stated alcohol was their drug of choice. Court referrals to the Victim Impact Panel were 751 individuals.</p>	<p>9. Hamilton County Juvenile Probation Services</p> <p>10. Hamilton County Department of Probation Services</p>
<p>2. There continues to be drug abuse among youth and adults in Hamilton County.</p>	<p>1. 2019- Juvenile Marijuana offenses totaled 118.</p> <p>2. 2019- Adult Marijuana offenses totaled 762.</p> <p>3. 2019- Adult possession/dealing controlled substance offenses totaled 1245.</p> <p>4. 2019- Adult OWI (Schedule I or II controlled substance) misdemeanor charges totaled 40.</p> <p>5. 2019- Hamilton County had 32 fatal drug overdoses.</p>	<p>1. HC Prosecuting Attorney's Office</p> <p>2. HC Prosecuting Attorney's Office</p> <p>3. HC Prosecuting Attorney's Office</p> <p>4. HC Prosecuting Attorney's Office</p> <p>5. HC Coroner's Office</p>

	<p>6. The Hamilton County Drug Court has been accepting participants into the program for ten years (2010-2020). During this time the Drug Court 188 persons being admitted to the program. Participants have ranged in age from 18 years old to 66 years old, with 131 men and 57 women as participants. During the past ten-year period, seventy (70) participants have been terminated from the program. During the ten-year period seventy-four (74) participants have graduated including fourteen (14) graduates during 2019. During 2019, 4010 urine drug screens were administered with drug court participants and forty-eight (48) screens came back positive on eighteen (18) of the participants. The screens were positive for one or more of the following substances; alcohol (6), benzodiazepines (26), heroin (5) and marijuana (2), synthetic substances (7) amphetamines (12), crack/cocaine (3) methamphetamine (11), prescription opioid, (7); Suboxone (150). Some of the above benzodiazepine, amphetamine, opioid and suboxone screens were positive with a valid prescription.</p> <p>7. Community Opioid Prevention</p>	<p>6. Hamilton County Drug Court</p> <p>7. Community Opioid Prevention Efforts</p>
--	---	--

	<p>Efforts/Quick Response Teams had 37 surviving overdose patients referred to the program in 2019. Twenty-seven (27) were males and ten (10) were female patients. This was the first year for the Quick Response Teams to conduct home visits and engage with the patients. The patients are all opioid overdose survivors revived with Narcan. The Program Coordinator and other members of the Quick Response Teams made ninety-three (93) telephone and text contacts with patients. The Teams made twenty-one (21) cold visits to the home (no previous contact could be made to schedule a home visit), the Teams conducted 15 scheduled home visits. The results from all visit attempts were no contact with 18 patients, 13 contacts with patients, 5 contacts with family member or roommate and 1 patient refused the program. The home visits resulted in seven (7) patients successfully enrolling and engaging into treatment.</p> <p>8. Hamilton County Overdose Fatality Review Board was developed in 2019. A team of approximately 15 community members in the field meet to discuss overdose fatality cases. The Review</p>	<p>Coalition thru the Hamilton County Council on Alcohol and Other Drugs</p> <p>8. Hamilton County Overdose Fatality Review Board</p>
--	---	---

	<p>Board reviewed 14 cases from 2018. The individuals were 86% male and 14% female. The individuals that were involved with the Criminal Justice system was 67%. The goal of the Review Board is to determine if the community could have helped prevent the overdoses, what resources could have helped these individuals to prevent other individuals from fatal overdoses.</p> <p>9. Hamilton County Jail administered 11 Vivitrol injections to inmates soon to be released from jail. The inmates requested help for their addiction, completed an assessment with a local treatment provider and agreed to follow up with them upon release.</p> <p>10. 2018- Substance Abuse Treatment admissions for Hamilton County was 874, 59.4% of the clients identified marijuana as their drug of choice, 19% identified heroin as their drug of choice, 11.9% identified Methamphetamine as their drug of choice, and 16.1% identified prescription opioids as their drug of choice.</p> <p>11. 2017- Non-fatal emergency room visits involving opioid abuse, 213 Hamilton County visits.</p> <p>12. 2019- The Suburban North Club offered 54</p>	<p>9. Hamilton County Jail</p> <p>10. Indiana State Department of Health Treatment Episode data</p> <p>11. Indiana State Department of Health County Epidemiological Data</p> <p>12. Suburban North Club</p>
--	---	--

	<p>recovery meetings with over 50,000 attendees. The Club collaborates with Hamilton County Justice system, they signed over 8500 court cards for recovery meeting attendance.</p> <p>13. 2019- Juveniles referred to Probation, total 716. Possession of alcohol, 120 total juveniles. Possession of marijuana, 239 total juveniles. Thirty-six percent of the total referrals with drug or alcohol related. Six OWI offenses. Ten dealing marijuana offenses. Nineteen possession/dealing of controlled substance.</p> <p>14. 	<p>6. 2019- One high school in Hamilton County had 44 vaping citations, 21 of those devices included THC.</p> <p>7. 2018- One school system in Hamilton County had 80 tobacco citations in the Middle and High Schools.</p> <p>8. 2019- Juveniles referred to Probation, total 716. Possession of alcohol, 120 total juveniles. Possession of marijuana, 239 total juveniles. Thirty-six percent of the total referrals with drug or alcohol related. Six OWI offenses. Ten dealing marijuana offenses. Nineteen possession/dealing of controlled substance. Several of the marijuana charges were the result of vaping devices confiscated from the youth and tested.</p>	<p>6. Hamilton County School data</p> <p>7. Hamilton County School data</p> <p>8. Hamilton County Juvenile Probation Services</p>
--	--	---

### Step 3: Brainstorm

Consider the resources/assets and limitations/gaps that were identified for each risk factor, and list what actions can be taken for each identified problem statement.

Problem Statements	What can be done (action)?
<p>1. There continues to be alcohol use among youth and alcohol abuse among adults in Hamilton County.</p>	<p>1. Continue support of Jail based intervention/education/recovery services.</p> <p>2. Continue support of prevention/education programming among youth and parents.</p> <p>3. Continue support of youth led healthy alternative activities.</p>
<p>2. There continues to be drug abuse among youth and adults in Hamilton County.</p>	<p>1. Continue support of Narcan training and availability of Narcan.</p>

	<p>2. Continue support of treatment/recovery programming in the community including justice system programs.</p> <p>3. Continue support of community interventions such as Quick Response Teams and Mobile Integrated Health systems.</p>
3. There continues to be tobacco product and nicotine vaping use among youth and adults in Hamilton County.	<p>1. Continue support of tobacco prevention education and programs.</p> <p>2. Continue support with treatment/recovery programs.</p> <p>3. Continue support of community education events.</p>

#### Step 4: Develop SMART Goal Statements

<b>Problem Statement #1</b>	
Goal 1	Decrease alcohol related offenses among youth by 2% annually.
Goal 2	Decrease alcohol related offenses among adults by 2% annually.
<b>Problem Statement #2</b>	
Goal 1	Decrease marijuana related offenses among youth by 2% annually
Goal 2	Decrease marijuana related offenses among adults by 2% annually.
Goal 3	Decrease Opioid Overdose fatalities by 2% annually.
Goal 4	

Decrease Controlled substances offenses by 2% annually.
<b>Problem Statement #3</b>
Goal 1
Decrease smoking rates among adults by 1% annually.
Goal 2
Decrease tobacco product and devices possession offenses among youth at school by 2% annually.

## Step 5: Plans to Achieve Goals

Problem Statement #1	Steps
Goal 1  Decrease alcohol related offenses among youth by 2% annually.	1. Fund prevention/education programming that target youth focused on alcohol abuse. 2. Financially support intervention and treatment services focused on alcohol abuse. 3. Fund justice services supporting recovery from alcohol abuse.
Goal 2  Decrease alcohol related offenses among adults by 2% annually.	1. Fund prevention/education programming that target adult's youth focused on alcohol abuse. 2. Financially support intervention and treatment services focused on alcohol abuse. 3. Fund justice services supporting recovery from alcohol abuse.
Problem Statement #2	Steps
Goal 1  Decrease marijuana related offenses among youth by 2% annually	1. Fund prevention/education programming that target youth focused on marijuana use and abuse. 2. Financially support intervention and treatment services focused on marijuana abuse. 3. Fund justice services supporting recovery from marijuana abuse.

<p>Goal 2</p> <p>Decrease marijuana related offenses among adults by 2% annually.</p>	<ol style="list-style-type: none"> <li>1. Fund educational programming that target adults focused on marijuana use and abuse.</li> <li>2. Financially support intervention and treatment services focused on marijuana abuse.</li> <li>3. Fund justice services supporting recovery from marijuana abuse.</li> </ol>
<p>Goal 3</p> <p>Decrease Opioid Overdose fatalities by 2% annually.</p>	<ol style="list-style-type: none"> <li>1. Provide Opioid abuse and overdose education to community members.</li> <li>2. Provide Intervention/Treatment resources to overdose patient's family members of overdose patients.</li> <li>3. Provide resources to justice agencies and Overdose Fatality Review Team.</li> </ol>
<p>Goal 4</p> <p>Decrease Controlled substances offenses by 2% annually.</p>	<ol style="list-style-type: none"> <li>1. Fund educational/prevention programming focused on controlled substance abuse.</li> <li>2. Financially support intervention and treatment services focused on controlled substance abuse.</li> <li>3. Fund justice services supporting recovery from controlled substance abuse.</li> </ol>
Problem Statement #3	Steps
<p>Goal 1</p> <p>Decrease smoking rates among adults by 1% annually.</p>	<ol style="list-style-type: none"> <li>1. Financially support treatment efforts.</li> <li>2. Support community awareness events.</li> <li>3. Collaborate with Breathe Easy Hamilton County in their efforts.</li> </ol>
<p>Goal 2</p> <p>Decrease tobacco product and devices possession offenses among youth at by 2% annually.</p>	<ol style="list-style-type: none"> <li>1. Financially support prevention/intervention programs in the schools.</li> <li>2. Support schools with detection devices.</li> <li>3. Support parent education programs/events.</li> </ol>

## Fund Document

### Funding Profile

Amount of funds deposited into the County Drug Free Community Fund from fees collected last year (\$100.00): \$143,379.44		
Amount of unused funds that rolled over from the previous year (\$100.00): \$125,955.85
