

The Indiana Commission to Combat Drug Abuse

Behavioral Health Division

Comprehensive Community Plan

County: Jay County

LCC Name: Jay County Drug Prevention Coalition

LCC Contact: Allyssa Raines

Address: 129 E. Water St.

City: Portland

Phone: 260-251-3259

Email: allyssa@jcdpc.org

County Commissioners: Jay County Commissioners

Address: 120 N. Court St.

City: Portland

Zip Code: 47371

Vision Statement

What is your Local Coordinating Council's vision statement?

JCDPC's vision is to promote a healthy, vibrant and alcohol, tobacco, and other drug-free community.

Mission Statement

What is your Local Coordinating Council's mission statement?

It is the mission of the Jay County Drug Prevention Coalition to promote best practices among youth and adults to reduce the illegal use and abuse of alcohol, tobacco, and other drugs in Jay County.

Membership List					
#	Name	Organization	Race	Gender	Category
1	Alexander, Cassie	IU Health	C	F	Healthcare
2	Bruggeman, Stephanie	Meridian Services	C	F	Treatment
3	Butz, Heath	Jay County Health Department	C	M	Healthcare
4	Caldwell, Valeri	Ball Memorial Hospital	C	F	Healthcare
5	Carpenter, Tracy	First Bank of Berne	C	F	Business
6	Chenoweth, Emily	Jay County High School	C	F	Youth
7	Chenoweth-O'Brien, Kimbra	JCDPC	C	F	Prevention/Community
8	Clevenger, Cali	Jay County High School	C	F	Youth
9	Coleman, Laura	Jay County Health Department	C	F	Healthcare
10	Comstoch, Audrey	Community Family Services	C	F	Youth-Serving Organization
11	Corwin, PJ	YSB	C	M	Youth-Serving Organization

72	Wilson, Seth	Jay County High School	C	M	Youth
73	Zaugg, Selenne	Bowen Center	C	F	Treatment

LCC Meeting Schedule:

Please provide the months the LCC meets throughout the year:

The JCDPC has regularly scheduled meetings to address concerns regarding drug and alcohol issues within the community. These meetings are scheduled for the 3rd Monday of each month at 3:30 pm minus the month of July. We also have justice meetings scheduled for the 1st Thursday of every month.

Community Needs Assessment: Results

The first step in developing an effective substance use and misuse reduction plan is to assess your community. A community assessment tells you about your community's readiness to implement prevention, treatment, and justice-related programs to address substance use and misuse. An assessment also provides an overview of the risk and protective factors present in the community, helping your coalition plan more effectively.

Community Profile

County Name
Jay
County Population
20,764
Schools in the community
1 High School/Junior High School, 5 Elementary Schools
Medical care providers in the community (hospitals, health care centers, medical centers/clinics, etc.)
IU Health Jay Hospital
Mental health care providers in the community (hospitals with psychiatric/behavioral health units, mental health clinics, private/public providers, etc.)
Meridian Health Services, IU Health Jay Behavioral Health, Bowen Center
Service agencies/organizations
Youth Service Bureau, Meridian Health Services, local Recovery Support Groups, IU Health Jay Behavioral Outpatient, DCS, local Law Enforcement Agencies, Bowen Center, Community Family Services, JCDPC QRT
Local media outlets that reach the community
Commercial Review Newspaper, WPGW Radio, Comcast, Jay Today
What are the substances that are most problematic in your community?
Methamphetamine, Opiates, Tobacco Use/Vaping, Marijuana, Alcohol
List all substance use/misuse services/activities/programs presently taking place in the community

A Better Life Brianna’s Hope, 2nd Chance at Life Ministries, AA, NA, NarAnon, Quick Response Team/Peer Recovery Coaches, Meridian Health Services, IU Health Jay Behavioral Outpatient, Community events focused around Substance use

Community Risk and Protective Factors

Use the list of risk and protective factors to identify those present in your community. Identify the resources/assets and limitations/gaps that exist in your community related to each. The lists are not all-inclusive and others may apply.

Risk Factors Examples: trauma and toxic stressors; poverty violence; neighborhood characteristics; low neighborhood attachment; community disorganization; community norms and laws favorable toward drug use, firearms, and crime; availability of alcohol and other drugs; weak family relationships; family substance use; peer substance use; mental health problems; families moving frequently from home to home; limited prevention and recovery resources.

Protective Factors Examples: strong family relationships; neighborhood economic viability; low childhood stress; access to health care; access to mental health care; community-based interventions; restricted access to alcohol and other drugs including restrictive laws and excise taxes; safe, supportive, and connected neighborhoods; meaningful youth engagement opportunities; local policies and practices that support healthy norms and child-youth programs; positive connection to adults.¹

Risk Factors	Resources/Assets	Limitations/Gaps
1. High availability of access to alcohol for youth	1. School System 2. Youth Service Bureau 3. JCDPC ACTS (A Chance To Serve) Program	1. Youth able to access alcohol from peers and parents 2. Lack of knowledge around alcohol use among youth 3. Lack of financial availability in families for youth involvement
2. Lack of treatment options in the county	1. Meridian Health Services 2. Quick Response Team 3. Recovery Groups	1. Lack of treatment options 2. Lack of insurance coverage 3. Lack of transportation
3. Peer substance use	1. Recovery Groups 2. Quick Response Team	1. Lack of transportation

¹Risk and protective factors extracted from IUPUI Center for Health Policy Community Conditions Favorable for Substance Use, April 2018.

	3. Meridian Health Services	2. Lack of treatment options in county 3. Lack of insurance coverage
Protective Factors	Resources/Assets	Limitations/Gaps
1. Meaningful youth engagement opportunities	1. Youth preventative programs 2. Youth after schools activities 3. Youth involvement in local LCC	1. Lack of youth specific activities 2. Lack of preventative efforts 3. Lack of financial resources for youth to participate in clubs
2. Supportive and connected community	1. Community involvement in LCC 2. School involvement 3. Local Recovery Group involvement	1. Lack of active involvement by influential individuals 2. Stigma associated with substance use 3. Lack of knowledge regarding the effects of ACE's
3. Positive connection to adults	1. School, after school, church, and 4-H participation 2. Participation from local Community Centers 3. After school clubs for youth involvement	1. Lack of transportation 2. Lack of finances from families so kids can join after school groups 3. Lack of youth specific activities

Making A Community Action Plan

Now that you have completed a community assessment and have identified the risk and protective factors that exist, you can develop a plan of action. The Comprehensive Community Plan (CCP) is a systematic and community-driven gathering, analysis, and reporting of community-level indicators for the purpose of identifying and addressing local substance use problems.

Step 1: Create problem statements, and ensure problems statements are in line with statutory requirements

Step 2: Ensure your problem statements are evidence-informed, then prioritize

Step 3: Brainstorm what can be done about each

Step 4: Prioritize your list, and develop SMART goal statements for each

Step 5: List the steps to achieve each goal

Step 1: Create + Categorize Problem Statements

Create problem statements as they relate to each of the identified risk factors.

Risk Factors	Problem Statement(s)
1. High availability of access to alcohol for youth	1. Alcohol use and abuse by youth is a problem within Jay County. 2. Alcohol is viewed as being safer than other drug use in Jay County. 3. Adults view alcohol as a “rite of passage” for youth in Jay County.
2. Lack of treatment and Recovery Coaching options in the county	1. The use and abuse of alcohol, tobacco, and other drugs among adults continues to be a problem. 2. The use and abuse of alcohol, tobacco, and other drugs among youth continues to be a problem. 3. Lack of transportation to surrounding counties is identifiably a barrier for individuals wanting help.
3. Peer substance use	1. Community risk factors state that there is a low perceived risk of harm when it comes to vaping and cigarette use. 2. Lack of transportation to community events is a barrier.

	3. The use and abuse of alcohol, tobacco, and other drugs among adults continues to be a problem.
--	---

Step 2: Evidence-Informed Problem Statements

Identify your top three problem statements using local or state data. Ensure that there is a problem statement for each co-equal funding category (e.g., prevention/education; intervention/treatment; and criminal justice services and activities).

Problem Statements	Data That Establishes Problem	Data Source
1. Alcohol use and abuse by youth is a problem within Jay County.	In 2019/2020, JCDPC has been conducting focus groups focused around alcohol use among youth. Across the board, we have found out that adults in Jay County view alcohol as a “rite of passage.” Adults also feel that alcohol is safer than other drugs.	Jay County Community Focus Groups
2. The use and abuse of alcohol, tobacco, and other drugs among adults continues to be a problem.	Jay County EMS Reported 78 overdose runs in 2019. There were 15 deaths associated with drug use and overdoses in Jay County in 2019. Jay County rate of all fatal drug overdoses is 71.2% compared to the state average of 27.13%.	Jay County EMS Indiana State Health Department Indiana State Health Department, Division of Fatality Review and Prevention, January 2019
3. Community risk factors state that there is a low perceived risk of harm associated with vaping and cigarette use.	The difference in vape use from 6th grade compared to 12th grade students was a 21.6% increase. The difference in cigarette use from 6th grade compared to 12th grade students was a 8.7% increase. 28.8% of adults in Jay County smoke.	2018 Indiana Youth Survey State Department of Health, 2019

Step 3: Brainstorm

Consider the resources/assets and limitations/gaps that were identified for each risk factor, and list what actions can be taken for each identified problem statement.

Problem Statements	What can be done (action)?
<p>1. Alcohol use and abuse by youth is a problem within Jay County.</p>	<p>1. Focus educational efforts to the community on the dangers and consequences of alcohol use among youth through media, materials, and activities.</p> <p>2. Support law enforcement on the enforcement and adjudication of youth that use alcohol.</p> <p>3. Promote the establishment of policies that will further discourage adults from providing alcohol to minors.</p>
<p>2. The use and abuse of alcohol, tobacco, and other drugs among adults continues to be a problem.</p>	<p>1. Focus and support community and county environmental messaging and events through participation in drug awareness and education opportunities.</p> <p>2. Provide resources for Peer Recovery Coaching and treatment opportunities for individuals identified with substance use issues.</p> <p>3. Support local law enforcement on the enforcement and adjudication of alcohol and other drugs.</p>
<p>3. Community risk factors state that there is a low perceived risk of harm associated with vaping and cigarette use.</p>	<p>1. Promote the establishment of policies that will further discourage adults and minors from tobacco use.</p> <p>2. Focus educational efforts to the community on the dangers and consequences of tobacco use through media, materials, and activities.</p> <p>3. Provide resources for programming opportunities that support alternatives to tobacco use.</p>

Step 4: Develop SMART Goal Statements

For each problem statement, prioritize your list of what can be done. Choose your top two actions for each. Then, develop goal statements that demonstrate what change you hope to achieve and by when you hope to achieve it.

Problem Statement #1	
Goal 1	Network with other community organizations. By September 2021, participate as a vendor in at least 5 community outreach events.
Goal 2	Educate youth in the Jay County School System. By September 2021 implement Botvin LifeSkills in 6th, 7th, and 8th grades.
Problem Statement #2	
Goal 1	Reach 125,000 in one year through community/media outreach.
Goal 2	Help 25 individuals in Jay County through the Jay County Quick Response Team/Peer Recovery Coaching in 1 year.
Problem Statement #3	
Goal 1	Work with local public housing to assist with implementation of the smoke free policy required by the U.S. Housing and Development (HUD) office by including providing, signage, education, and resources. Conduct presentations to property managers in the county including the local Landlord's club to pass and implement a comprehensive smoke free air policy with three privately owned multi residential buildings by June 30th, 2021.
Goal 2	Conduct at least eight presentations on point-of-sale advertising to youth and adult audiences, incorporating data from STARS survey based on availability by June 30, 2021.

Step 5: Plans to Achieve Goals

For each goal, list the steps required to achieve each

Problem Statement #1	Steps
Goal 1 Network with other community organizations. By September 2021, participate as a vendor in at least 5 community outreach events.	<ol style="list-style-type: none"> 1. Participate as a vendor at the IU Jay Health Fair. 2. Participate as a vendor at the Jay County Fair. 3. Participate as a vendor at PD National Night Out.

	<p>4. Participate as a vendor at Community and Family Services Fall Fest or Meridian Health Services Project Safe.</p> <p>5. Participate in a community event held outside the county seat (Portland).</p>
<p>Goal 2 Educate youth in the Jay County School System. By September 2021 implement Botvin LifeSkills in 6th, 7th, and 8th grades.</p>	<p>1. Meet with school administrators to discuss planning for implementation.</p> <p>2. Evaluate the need for the number of trainers and materials needed. Train any new trainers and order necessary materials.</p> <p>3. Schedule and implement Botvin LifeSkills curriculum. Meet with school administrators to gather feedback and schedule for next school year's implementation.</p>
Problem Statement #2	Steps
<p>Goal 1 Reach 125,000 in one year through community/media outreach.</p>	<p>1. Place billboards throughout Jay County with information about the Coalition's work/resources.</p> <p>2. Promote the JCDPC website and post on social media.</p> <p>3. Start geofencing consisting of pop up ads that talk about the Coalition, give resources, and promote events.</p>
<p>Goal 2 Help 25 individuals in Jay County through the Jay County Quick Response Team/Peer Recovery Coaching in 1 year.</p>	<p>1. Work with law enforcement and other justice entities to get referrals for individuals who have overdosed.</p> <p>2. Make connections with different agencies in Jay County to give them access to refer to Recovery Coaches.</p> <p>3. Go to at least three different community events throughout the year to promote Recovery Coaching.</p>

Problem Statement #3	Steps
<p>Goal 1 Work with local public housing to assist with implementation of the smoke free policy required by the U.S. Housing and Development (HUD) office by including providing, signage, education, and resources. Conduct presentations to property managers in the county including the local Landlord’s club to pass and implement a comprehensive smoke free air policy with three privately owned multi residential buildings by June 30th, 2021.</p>	<ol style="list-style-type: none"> 1. Assist public housing authority with the implementation of the smoke free policy required by the U.S. Housing and Urban Development (HUD) office by providing resources including Indiana Tobacco Quitline materials and supporting enforcement and strengthening current policy to include smoke-free grounds and e-cigarettes. 2. Conduct at least four presentations to the public housing authority board, other multi-unit management, or trade associations on the dangers of exposure to secondhand smoke and the importance of smoke-free policies. 3. Implement smoke-free policies in multi-unit housing complexes.
<p>Goal 2 Conduct at least eight presentations on point-of-sale advertising to youth and adult audiences, incorporating data from STARS survey based on availability by June 30, 2021.</p>	<ol style="list-style-type: none"> 1. Participate in Standardized Tobacco Assessment of Retail Settings (STARS) annual survey to collect county-level data on tobacco products and point-of-sale advertising in retail establishments. 2. Conduct youth and adult-focused presentations on how tobacco products are priced and marketed to target teens. 3. Provide education to the coalition regarding tobacco related Point-of-Sale Strategies.

Fund Document

The fund document allows the LCC to provide finances available to the coalition at the beginning of the year. The fund document gauges an LCC's fiscal wellness to empower their implementation of growth within their community. The fund document also ensures LCCs meet the statutory requirement of funding programs within the three categories of (1) Prevention/Education, (2) Treatment/Intervention, and (3) Criminal Justice Services and Activities (IC 5-2-11-5).

Funding Profile

Amount of funds deposited into the County Drug Free Community Fund from fees collected last year (\$100.00): \$20,972.28		
Amount of unused funds that rolled over from the previous year (\$100.00): \$0		
Total funds available for programs and administrative costs for the upcoming year (\$100.00): \$5,243.07 approved for administrative costs leaving \$15,729.21 available for the upcoming year for programming		
Amount of funds granted the year prior (\$100.00): \$18,440.00		
How much money is received from the following entities (if no money is received, please enter \$0.00):		
Substance Abuse and Mental Health Services Administration (SAMHSA): \$125,000		
Bureau of Justice Administration (BJA): \$0
