## Community Needs Assessment: Results

*The first step in developing an effective substance use and misuse reduction plan is to assess your community. A community assessment tells you about your community's readiness to implement prevention, treatment, and justice-related programs to address substance use and misuse. An assessment also provides an overview of the risk and protective factors present in the community, helping your coalition plan more effectively.*

### Community Profile

## Making A Community Action Plan

*Now that you have completed a community assessment and have identified the risk and protective factors that exist, you can develop a plan of action. The Comprehensive Community Plan (CCP) is a systematic and community-driven gathering, analysis, and reporting of community-level indicators for the purpose of identifying and addressing local substance use problems.*

Step 1: Create problem statements, and ensure problems statements are in line with statutory requirements

Step 2: Ensure your problem statements are evidence-informed, then prioritize

Step 3: Brainstorm what can be done about each

Step 4: Prioritize your list, and develop SMART goal statements for each

Step 5: List the steps to achieve each goal

### Step 1: Create + Categorize Problem Statements

*Create problem statements as they relate to each of the identified risk factors.*

Risk Factors	Problem Statement(s)
1. Availability	
2. Access to Prevention & Treatment	<ol style="list-style-type: none"> <li>1. LaPorte County has no inpatient treatment. LaPorte County has a shortage of outpatient mental health and substance use treatment providers with a ratio of 1,170:1 versus the state average of 700:1</li> <li>2. LaPorte County has few or non-existent resources for the uninsured or underinsured</li> </ol>
3. Health Behaviors and Favorable Attitudes toward Use	<ol style="list-style-type: none"> <li>1. LaPorte County ranks 92/92 counties in Health Behavior</li> <li>2. Adjacent to Michigan and Illinois, adults and youth report favorable attitudes toward alcohol with 19% reporting excessive drinking compared to the state of 18%.</li> <li>3. LaPorte County reports Alcohol related deaths at 25% as compared to the state</li> </ol>

### Step 2: Evidence-Informed Problem Statements

*Identify your top three problem statements using local or state data. Ensure that there is a problem statement for each co-equal funding category (e.g., prevention/education; intervention/treatment; and criminal justice services and activities).*

Problem Statements	Data That Establishes Problem	Data Source
<p>1. The reduction of youth and adult illegal opiate, heroin and methamphetamine use is our top priorities</p>	<p>The rate of opiate prescriptions per 1000 population in LaPorte County was 260.4 higher compared to 213.8 in the state.</p> <p>Heroin use was reported in 42.4% of treatment admissions. Prescription opioid misuse was reported in 18% of treatment admissions and methamphetamine use was reported in 12.8% of treatment admissions</p> <p>The LaPorte County Drug Task Force seized 127 grams of heroin, 942 grams of methamphetamine in 2019</p>	<p>ISDH INSPECT data April 10, 2019</p> <p>In FSSA DMHA SFY 2018</p> <p>LPDTF 2019 Statistical Report Tim Richardson, Commander</p>
<p>2. The reduction of youth and adult alcohol consumption continues to be a major priority in LaPorte County.</p>	<p>The % of driving deaths in LaPorte County with alcohol involvement was 26.3% and higher than the state average of 20.89%</p> <p>The percent of alcohol noncompliance inspections was 6.0% in LaPorte County as compared to 5.5% in the state.</p> <p>Alcohol use was reported in 41.9% of treatment admissions.</p> <p>Adults may consider underage drinking a right of passage and may turn a blind eye to consumption or provide a safe place for youth to drink</p>	<p>2019 County Health Rankings Fatality Analysis Reporting System retrieved from <a href="http://www.countyhealthrankings.org">http://www.countyhealthrankings.org</a></p> <p>Indiana State Excise Police Survey of Alcohol Compliance</p> <p>In FSSA DMHA SFY 2018</p> <p>Listening sessions/focus groups. “we did it when we were kids” “at least they are drinking at home and not drinking and driving.” “we collect their car keys</p>

#### Step 4: Develop SMART Goal Statements

*For each problem statement, prioritize your list of what can be done. Choose your top two actions for each. Then, develop goal statements that demonstrate what change you hope to achieve and by when you hope to achieve it.*

<b>Problem Statement #1 - Non Prescription Opioids, Heroin &amp; Methamphetamine</b>
<p>Goal 1 By Dec. 31, 2021, reduce availability of illegal opioids, heroin, and methamphetamine in LaPorte County as measured by a 20% annual increase in the amount of grams of narcotics seized by the LaPorte County Drug Task Force in comparison to the 2019 baseline demonstrated for each in the LPDTF Annual Statistical Report. Baseline: Heroin 127 grams, Meth 942 grams,</p>
<p>Goal 2 By Dec. 31, 2021 increase access to treatment by 10% for non-prescription opioids, heroin, and methamphetamine for individuals who are 200% below the federal poverty level and may be uninsured or underinsured as measured by the Indiana FSSA DMHA report and comparisons to the current SFY 2018 baseline of 172 admissions.</p>
<b>Problem Statement #2 Alcohol</b>
<p>Goal 1 By Dec. 31, 2021 reduce the percent of driving deaths with alcohol involvement by 5% in comparison to a 26.3% baseline as reported in the County Health Rankings report.</p>
<p>Goal 2 By Dec. 31, 2021 reduce the alcohol non-compliance rate by 2% from the current 6% baseline, as measured by Indiana excise reports.</p>
<p>Goal 3 By Dec. 31, 2021 reduce past 30 day use of youth alcohol by 5% as measured by the Indiana Youth Survey. Baseline determined upon availability of data.</p>
<b>Problem Statement #3 Marijuana and Synthetic Marijuana</b>
<p>Goal 1 By Dec. 31, 2021, reduce access and availability of marijuana and synthetic marijuana in LaPorte County as measured by a 20% annual increase in the amount of grams of marijuana and synthetics seized by the LaPorte County Drug Task Force in comparison to the 2019 baseline demonstrated in the LPDTF Annual Statistical Report.</p>

## Step 5: Plans to Achieve Goals

*For each goal, list the steps required to achieve each*

Problem Statement #1	Steps
<p>Goal 1 By Dec. 31, 2021, reduce availability of illegal opioids, heroin, and methamphetamine in LaPorte County as measured by a 20% annual increase in the amount of grams of narcotics seized by the LaPorte County Drug Task Force.</p>	<ol style="list-style-type: none"> <li>1. Provide support for law enforcement</li> <li>2. Provide support for drug testing and other monitoring systems.</li> </ol>
<p>Goal 2 Increase access to prevention and treatment options and interventions that focus on opioids, heroin, and methamphetamines</p>	<ol style="list-style-type: none"> <li>1. Support training and implementation programs to benefit clinical treatment efforts.</li> <li>2. Support prevention education efforts to impact youth and adults, with priority for evidence-based programs</li> <li>3. Support affordable treatment options and alternatives for persons who are uninsured/underinsured/indigent/who may not access</li> </ol>
Problem Statement #2	Steps
<p>Goal 1 Reduce Alcohol Fatalities, Alcohol Non Compliance &amp; 30 day Youth Usage</p>	<ol style="list-style-type: none"> <li>1. Support evidence-based strategies through the Drug Free Communities grant and other prevention, treatment or justice approaches in the areas of alcohol abuse</li> <li>2. Support alternative judicial and treatment pathways for offenders, such as problem-solving courts and juvenile diversionary options that address alcohol/ use abuse.</li> <li>3. Collaborate with businesses, schools, community organizations, parents and youth organizations/ groups to provide community and youth focused outreach, including the promotion of law consequences in LaPorte County.</li> <li>4. Support leadership training / advocacy and activities to encourage peer-to-peer prevention, and positive substance-free lifestyle.</li> <li>5. Support law enforcement efforts in dealing with the issue of underage drinking.</li> <li>6. Support efforts to address reductions in health disparate populations and marginalized demographic groups.</li> </ol>

Problem Statement #3	Steps
<p data-bbox="203 235 821 331">Goal 1 Reduce availability and support for use of marijuana and synthetic marijuana</p>	<ol data-bbox="885 235 1416 919" style="list-style-type: none"><li data-bbox="885 235 1416 338">1. Support affordable treatment options for persons who are uninsured/indigent through the new programs</li><li data-bbox="885 338 1416 485">2. Support alternative judicial and treatment pathways for offenders, such as problem-solving courts that address marijuana &amp; synthetic use and abuse.</li><li data-bbox="885 485 1416 632">3. Promote awareness of marijuana &amp; synthetic abuse issues in the workplace and encourage adoption of drug free workplace policies.</li><li data-bbox="885 632 1416 810">4. Focus education efforts to enhance knowledge of the impact of marijuana &amp; synthetic use including through media, facility, &amp; community-oriented awareness.</li><li data-bbox="885 810 1416 919">5. Support law enforcement efforts in dealing with the issue of marijuana/synthetic intoxicated driving.</li></ol>

## Fund Document

The fund document allows the LCC to provide finances available to the coalition at the beginning of the year. The fund document gauges an LCC's fiscal wellness to empower their implementation of growth within their community. The fund document also ensures LCCs meet the statutory requirement of funding programs within the three categories of (1) Prevention/Education, (2) Treatment/Intervention, and (3) Criminal Justice Services and Activities (IC 5-2-11-5).
