Steve Plank of 8594 S. Co. Rd. 100 E., Galveston, IN. This ditch is located in the area of the Plank and Vernon farms (Steve does not know name of ditch). Blow holes are starting due to the tile being 24" and going into a 10" tile. Options to repair or fix this problem were discussed. Also across Deacon, the Ginsberry ditch, the banks are caving in and the water is snaking instead of a straight flow. After much discussion Steve Plank asks for the board to look into this matter. Steve Plank's last concern is located at Co. Roads 950 S. and 50 E., this ditch runs from Carroll Co. This ditch needs dredged out and is not assessed maintenance fees at this time. Jenny Clark will check with Carroll County for a possible joint board for this ditch.
