**ACTION ON MINUTES:**

**PUBLIC HEARING:**

Subdivision Re-plat – Rollin on the River:

Mrs. Shaver stated that previously this was a 3 lot subdivision accessed by a private road, approved in 2010. Mrs. Shaver explained that she has reviewed this submission and everything is in order but some standards of the subdivision ordinance are not being met, this commission may waive standards within the subdivision ordinance. Mrs. Shaver explained the issues:

- 509.02 Lot dimensions shall not exceed a multiple of 2 times depth versus width unless dictated by topography or shape of parent tract.
  - The Wabash floodplain is on the north end, roughly 1 acre and a portion is not buildable
  - The private road access is roughly an acre itself and not buildable
  - That leaves 1 acre to build upon
  - Thus the lot has been subdivided to be a long skinny lot
- The requirement of road maintenance is not stated on the plat
  - The private drive contains 4 lots and is conforming
  - There is no indication who owns the lots or how the maintenance for the drive will be performed
  - This information could be placed on the secondary plat

Mrs. Shaver stated that the petitioner also needs to produce the affidavit for the notice of public hearing. Terry Clippard, 6565 E. 275 S. explained that all property owners divide the costs of the drive maintenance. Mrs. Shaver recommends that the secondary plat state that all property owners share the maintenance of the drive. A discussion followed and the Commission was all in favor of the addition to the secondary plat that maintenance of the road be shared by the property owners.

Mrs. Clark asked for questions from the public, there were none. Mrs. Shaver stated that the only waiver will be for the dimension requirements since the road maintenance agreement will be included in the secondary plat.

Fred Seehase made a motion to waive the dimension requirements. George Stebbins seconded the motion and roll call vote was unanimous to approve.

Stacy Odom motioned to approve the re-plat of the Rollin on the River Subdivision with the private road maintenance condition as well as petitioner providing the affidavit for the notice of public hearing to staff.

Mr. Seehase seconded the motion and roll call vote was unanimous to approve.

- Late fee will be \$25

Mrs. Shaver stated that these changes will be presented to the Commissioners.

Bylaw revisions:

Mrs. Shaver explained the amendment will change the time and date of the meeting to 10:00am on the first Monday of the month. Allen Paschen stated that at the new time, he will not be able to attend and he is concerned that the public would not be able to attend either.

Mrs. Clark explained that security is an issue and would be available during the day and not provided in the evening. A discussion of the importance of security followed. This issue will be voted on at the next meeting.

**FLOOR IS OPEN TO THE PUBLIC:** None.

Mrs. Clark asked for further questions from the board or the public, there were none.

The meeting was adjourned at 7:36PM, August 12, 2013.
