Chris Gaumer explained the following:

- The Special Exception for the commercial garage will still be allowed after this meeting whether it is approved or denied
- The proposal is for more vehicles, 20, outside due to his business increasing

Mr. Martin stated that he has noticed many more vehicles outside of this business.

Mr. Martin asked if there is adequate space to increase the parking area and whether the parking area will be stone.

A letter written from Ann Leach was read with concerns of noise level; fire protection; ground water protection and appearance of the property.

Mrs. Raderstorf asked for further questions from the Board, there were none.
