

# Rx Solutions

Powered by BluMine Health

Floyd County is now offering an **Rx Solutions program** through BluMine Health. The program is designed to assist employees with the rising costs of prescription drugs.

The **Rx Solutions program** is voluntary. However, employees and their dependents, on high-cost, brand name medications are encouraged to participate. Employees should contact BluMine with questions. There is **NO COST** for employees to participate and sending an inquiry is highly encouraged.

Register for the RX Solutions Program here:
