

Rx Solutions

Powered by BluMine Health

Eligibility

- The employee and/or dependent must receive their health insurance through Christian Care Communities.
- The program is designed to help with Brand Name medications. Medications that are not a significant cost to the employee are given a lower priority.
- Employees must fill medication using insurance at least one time. An employee may not start a medication that they cannot afford to fill with insurance at least once.

General Information

- Clinic use is not required but is encouraged. Employees may continue seeing their external provider if enrolled in the program.
- The goal of the program is to assist employees with financial barriers to obtaining prescribed medications.
- The program is designed to assist employees with BRAND NAME and/or high-cost medications. Any employee struggling to afford their medication(s) is encouraged to reach out to BluMine.
- The program costs \$0 for employees.
- Information shared to BluMine Health is confidential.
- The program is strongly encouraged in efforts to prevent monthly health premiums from increasing in the future.
- BluMine Health is not a pharmacy and does not fill the medications. Medications are shipped from BluMine's pharmacy partner.
- Medications are shipped to the employees' home in a 30 or a 90-day supply.
