

COMMISSIONERS BUILDING ASSESSMENT PROJECT UPDATE

APRIL 6, 2021

NEW ALBANY - FLOYD COUNTY,
INDIANA BUILDING AUTHORITY
FOUNDED - CITY CENTER PARKING - NEW ALBANY, IN 1978

RQAW
ARCHITECTURE

How We Got Here

Building Authority retained engineering & architecture firm RQAW and energy efficiency company Ameresco in Q2 2020 to conduct a condition and energy assessment of the building.

- Scope of services for this assessment included evaluations for:
 - > Mechanical
 - > Electrical
 - > Plumbing
 - > Architectural

Conclusion: MAJOR RENNOVATION REQUIRED

COMMISSIONERS: BUILDING ASSESSMENT PROJECT UPDATE // April 6, 2021

Space Assessment

Justice Components	Existing SF	Government Components	Existing SF
Court 1	2,442 SF	County Commissioners/Council	3,692 SF

Drug & Alcohol	606 SF	Subtotals	33,814 SF
Public Defender	1,078 SF		
Subtotals	46,775 SF		

Justice and Government Components Existing SF: 80,589 SF

Justice Center TBD

County Administrative Center TBD

Reisz Health Center TBD

Total Gross Required Square Footage: TBD

COMMISSIONERS: BUILDING ASSESSMENT PROJECT UPDATE // April 6, 2021

Options Considered

1. New standalone facility (96,000 SF)
 - > All in one
2. Addition and renovation to existing building (64,000 SF + 50,000 SF)
 - > M. Lucille Reisz (MLR) not needed
3. Convert existing building to Justice Center
 - > Build annex for Health Department (16,000 SF)
 - > Move administrative functions to MLR
 - > ALL 3 buildings needed
4. Convert to Justice Center
 - > Move administrative to MLR
 - > Move Health Department to MLR (new add)
5. Convert to Justice Center

Initial Recommendation

Addition and renovation to existing building (64,000 SF + 50,000 SF)

- M. Lucille Reisz (MLR) not needed

While in general agreement with the direction of the initial recommendation, the Commissioners on February 2nd requested the Building Authority to continue to review options to ensure no stone was left unturned, including assessment of the county annex at the old county home site at Community Park on Grant Line Road.

Broadening Input

The Building Authority then created an informal work group to help advance this review. Members include:

- Shawn Carruthers, Commission President
- Judge J. Terrance Cody, Floyd Circuit Court
- Denise Konkle, Vice President, Floyd County Council
- Dale Bagshaw, Member, Floyd County Council
- Aaron Combs, Building Authority President
- Scott Stewart, Building Authority Board Member

Workgroup Perspective

At the initial meeting of the work group, 4 key elements were agreed to:

- Convert the City-County Building to a Justice Center. Include the creation of new “flex” court room with state of the art technical and security design
- Take a closer look at the Grant Line Road site, potentially consolidating both Administrative functions and offices currently located at Pine View
- Move the Health Department to MLR.
- Scenario would make Pine View redundant, but would require a plan for the Youth Shelter now at PV.

Guidepost 1

- How can this project align with the mission and goals of the county government?
T.H.R.I.V.E.
 - > Teamwork
 - > High Standards
 - > Respect
 - > Integrity
 - > Value Added Customer Service
 - > Equity
- How do we create a better customer/community experience with county government?
- How can this benefit the overall health of the county?
- How can we best serve the community?
- Can this be done in a cost effective and sustainable manner that breathes new life into the county?

 - SUPERIOR COURT 3 - 3,203 SF
 - AUXILIARY COURT - 2,816 SF
 - MAGISTRATE - 2,041 SF
- EXISTING BUILDING GROSS SQUARE FEET - 10,640 SF

COMMISSIONERS: BUILDING ASSESSMENT PROJECT UPDATE // April 6, 2021

Guidepost 3

Health Department will be relocated to the Reisz Building (24,000 SF).

- + The county owns this building
- + The Reisz Building provides a more accessible location for the community and transit.
- + Room for future expansion. Currently, the Health Department operates in 6,000 SF. Desires 11,000

RQAW
ARCHITECTURE

Guidepost 4a

Grant Line Road Annex

Can this location act as an opportunity to spark development and create a sense of place?

- Property is underutilized and in poor condition.
- + New development would activate the space around the park and create a powerful community asset for the county.
- + Opportunity to expand park amenities to maximize synergies
- + Possibility to leverage parcels to help pay for the development through Government/Private partnerships.
- - New build and parceling of the site will require further due diligence to confirm the feasibility of the site.

COMMISSIONERS: BUILDING ASSESSMENT PROJECT UPDATE // April 6, 2021

Next Steps

- Assess sites, development opportunities and constraints.
- Quantify Space Needs
- Develop preliminary design reviews/Schematic designs
- Develop rough cost estimates for each site option
- Assess Delivery models
- Confirm professional services (Initial Design-Architect, Legal)
- Confirm Building Authority Investment in Next Steps
- Establish Timetable
- Reconnect with Commissioners in June
