PROJECT VALUATION

Application is hereby made for a permit to erect or alter a structure as described herein or shown in accompanying plans and specifications, which structure is to be located as shown on the accompanying plot plan. The information which follows and the accompanying plans are specifications, with the representations therein contained are made a part of this application, in reliance upon which the building commissioner is requested to issue a building permit. The foregoing does not apply to improvement location permits. It is understood and agreed by this applicant that any error, misstatement or misrepresentation of material fact or expression of material fact, either with or without intention on any part of this application, such as might, or would, operate to cause a refusal of this application or any material alteration or change in the accompanying plans, specifications or structure made subsequent to the issuance of a permit in accordance with this application, without the approval of the building commission shall constitute sufficient ground for the revocation of this permit. Every permit shall expire by limitation if active work shall not commence within 6 months of the date of issuance thereof. If the work authorized by the permit is suspended or abandoned any time after work is commenced, for a period of 6 months, the work shall be recommenced only after the issuance of a new permit.
