

Noble County Opioid Settlement Funding Proposal Template

Noble County's Local Justice Reinvestment Advisory Council (JRAC) has been asked to solicit requests for funding from those who provide services to Noble County residents. Solicitations will be announced in June and the grant applications will be due by August 15th each year. Funding recommendations from JRAC will be made to the County Commissioners in October of each year. The commissioners will make a final decision regarding funding and the award announcements will be made in November, with funding to begin in January each year.

Awards will be granted for one year of funding from January to December, starting in January of 2026. Funding will be made available annually and will be dependent on the availability of funds. Proposals will be taken for both restricted and unrestricted funds. For restricted funds, applicants will be required to follow the abatement guidelines and not supplant other grant funded projects.

You can find the approved uses for restricted funds here:

Noble County has identified five priorities for funding in 2026:

1. Transportation
2. Expansion of Shelter Services
3. Data Collection Across Systems
4. Jail Release Planning
5. Use of Certified Peers Across Systems

These priorities were identified through a Sequential Intercept Model mapping of Noble County's Criminal Justice System in regards to mental health and addiction. You can view the final SIM mapping report for Noble County here:
