## **VI. OLD BUSINESS:**

- The Solar Power Committee met on Monday, January 27th, 2025. Jim Meece met with Luke Gill, Kirk Gill and a representative from Parke County REMC. The representative from Parke County REMC explained that they install 25 Kilowatts for solar power in residential structures. A typical house load is somewhere between 8.5 and 10 Kilowatts. The Solar Power Committee decided that a limit of solar power for residential structures will be 25 Kilowatts or less and battery storage cannot exceed 50 Kilowatts to be outside of the Moratorium that Parke County currently has in place.
- Dan Collom took a look at the box culvert bridge on Rosedale Road just inside of the county line that Chester Crague brought to the Parke County Commissioners' attention at the last meeting. Dan Collom will meet with Anthony Vandivier, the acting Highway Superintendent, to figure out a plan to fix the box culvert bridge. Dan Collom thought that two pipes might help reinforce the culvert bridge but not sure what the actual resolution will be.
- Jim Meece explained that the Parke County Commissioners have decided on a Highway Superintendent after a couple of interviews held on Friday, January 24th, 2025. The Parke County Commissioners have completed a background check and are waiting on drug screening results. Jim Meece and Anthony Vandivier met with the new candidate for the Highway Superintendent. His name is Matthew Romalia. He seems to be very knowledgeable and would like to retire from Parke County in the future. Matthew Romalia has experience as an equipment operator and a field mechanic. Jim Meece would like to see if the County Council would keep Anthony Vandivier's salary the same as it is now. Jim Meece stated that the new Highway Superintendent will be hired in at Randy Norman's salary. Randy Norman was the previous Highway Superintendent. Then after six months, possible perform a review and maybe re-evaluate Matthew Romalia's salary for an increase. Jim Meece made the motion to approve Matthew Romalia as the new Highway Superintendent pending the results of the drug screen. Dan Collom seconded the motion and it carried unanimously. Matthew Romalia's start date would be March 1st, 2025 and will be eligible for health coverage immediately. Jim Meece would like to re-visit the wait time for medical coverage for new hires with Parke County. He would like to see exclusion of pre-existing conditions for a certain time frame upon hiring and go back to having an embedded deductible. Parke County's medical coverage needs to be re-evaluated in the near future.
- Dan Collom stated that the three parties involved in the alley and road closures in Bridgeton have come to an agreement. The alley and the road will be closed and the property from the closure will be split among the property owners accordingly. Nick Sauter will call Chester Crague's Attorney and see what information he may have on the alley closure as well as any Orders requesting closure of the alley that he may have already prepared. The Parke County Commissioners will review this information and take it into consideration before approving any closures. This will be presented for approval at the next Parke County Board of Commissioners' Meeting on Monday, February 17th, 2025.
