VIII. DEPARTMENT HEAD REPORTS:

- **Chris O' Brien, Emergency Management/ E911**

- Requested approval to submit a grant application for approximately \$95,000.00. The funds will be used to purchase a Polaris Ranger, a drone and traffic barriers. The barriers can be filled with water for weight. The items are to assist the Sheriff's Department primarily during the Covered Bridge Festival. O'Brien stated there are no local matching funds required for this grant. Roy Wrightsman made a motion to allow O'Brien to move forward with the grant. Cameron Martin seconded the motion and it carried unanimously.
- Grant update: The Emergency Management Performance Salary Reimbursement grant for 2023 has been closed, and the Auditor's office has received the monies.

Four grants are still in progress: The generator grant, radio equipment grant, computer upgrade grant and a mitigation grant.

There are two grants coming up that O'Brien is going to apply for, the 2024 Emergency Management Performance Salary Reimbursement and a grant for power generation.

- **Jason Frazier, Sheriff:**

- Reported \$76,764.50 has been billed for inmate housing.
- The department has turned in \$25,875.04 on their Report of Collections so far this year.
- The telephone upgrade project will begin at the Jail on Monday, April 17th, 2023.

- **Assessor:**

Katie Potter was unable to attend, but sent the following report:

- 2023 pay 2024 values were rolled to the Auditor on April 10, 2023. The values were balanced between the Auditor and Assessor on April 11, 2023, and Parke County was the first County in the State to be rolled and balanced.
- Approval was received for the ratio study. Potter came in on Good Friday to get the data ready for the Form 11's to be created. The Form 11's will be mailed on April 24, 2023.
- Potter has contacted X-Soft to begin the conversion from Aumentum for property tax assessing.
- Reported it will be necessary to pay for the data extract file to be created by Aumentum. This was not necessary for the Auditor and Treasurer's conversion, because another vendor the County uses had access to pull the data. This vendor does not have access to the Assessor's data. Roy Wrightsman stated he felt this was borderline egregious for Aumentum to bill us for our own data, he stated the Board of Commissioners should look into this as they signed the contract with Aumentum. Jim Meece agreed and requested Katie Potter bring information regarding the data extract to the next Commissioners meeting.

IX. NEW BUSINESS:

- John Pratt stated any Council member wanting to attend the Association of Indiana Counties, Inc. (AIC) West Central District Meeting in Greencastle, Indiana on Thursday, May 18th, 2023 should notify the Auditor's office so they can be registered. Pratt noted this meeting is very informative.

X. OLD BUSINESS: None presented.

XI. GENERAL BUSINESS:

- Auditor Mary Anne Wood requested the Council extend the blanket reappropriation approval for Fund 4016 Ambulance Fire 2022 as there are still insurance checks from the Ambulance Building fire being received. John Pratt explained the Council voted in favor of allowing the insurance monies to be appropriated as they came in last year, the approval expired on December 31, 2022. Roy Wrightsman noted the insurance payments are for specific items and the four appropriation numbers in the Fund determine where the monies should go. Tom Rohr made a motion to extend the blanket approval until June 30, 2023. Cameron Martin seconded the motion and it carried unanimously.
- County Commissioner, Jim Meece stated that \$803,000.00 in Community Crossings monies have been awarded to the County so far this year.

The Board of Commissioner together with Parke County Highway Supervisor, Randy Norman, are scheduled to meet with engineers regarding the Melcher Bridge this Friday to learn what needs done to get the bridge back open. The covered bridge has a foundation issue, the abutment was cracked several years ago and was patched with concrete instead of being properly repaired. The Highway Department has put barricades at either end of the bridge to stop traffic from driving through it, but people are moving the barricades and driving through the bridge regardless. This is dangerous as the damage to the foundation is such that the bridge could fail completely. It may be necessary to put rip rap on either end to prevent traffic from being able to cross the bridge.

Meece said there is a bill in the Indiana House which will require government meetings to be live streamed for the public. Meece feels Parke County is ahead of the curve since our meetings are recorded by John Martin who has the not for profit, Parke Without Reverse. Meece believes a discussion needs to be had between the Board of Commissioners and the County Council regarding making a donation to Martin to accommodate the live stream aspect, if the bill passes.

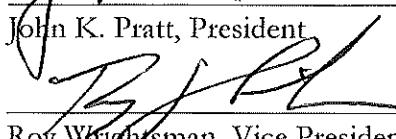

Reported Senator Derry has proposed a bill that would allow the Innkeepers tax to be increased from five percent to eight percent. The increase would require Council approval, Meece said if the bill passes and after the Board of Commissioners discuss the increase, they might bring the matter before the Council at a future meeting.
