### NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

#### Preliminary Findings Regarding a New Source Construction and Federally Enforceable State Operating Permit (FESOP)

for Midwest Poultry Services L.P. d/b/a MPS Egg Farms in Wabash County

FESOP No.: F169-48529-00097

The Indiana Department of Environmental Management (IDEM) has received an application from Midwest Poultry Services L.P. d/b/a MPS Egg Farms, located at 648 E 1100 N, North Manchester, Indiana 46962, for a new source construction and FESOP. If approved by IDEM's Office of Air Quality (OAQ), this proposed permit would allow Midwest Poultry Services L.P. d/b/a MPS Egg Farms to construct and operate a new and existing feedmill (Prepared Feed and Feed Ingredients for Animals and Fowls, Except Dogs and Cats) facility.

The applicant intends to construct and operate new equipment that will emit air pollutants. The potential to emit regulated pollutants will be limited to less than the TV and/or PSD major threshold levels, respectively. IDEM has reviewed this application, and has developed preliminary findings, consisting of a draft permit and several supporting documents, that would allow the applicant to make this change.

IDEM is aware that the existing feedmill facility has been constructed and operated prior to receipt of the proper permit. IDEM is reviewing this matter and will take appropriate action. This draft permit contains provisions to bring unpermitted equipment into compliance with construction and operation permit rules.

A copy of the permit application and IDEM's preliminary findings have been sent to:

North Manchester Public Library  
405 N Market St  
North Manchester, IN 46962

A copy of the preliminary findings is available on the internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC) located at <https://www.in.gov/idem/legal/public-records/virtual-file-cabinet/>. Once you have accessed VFC, you will then have the option to search for source related documents using a variety of criteria. To find documents related to this air permit, click on "Advanced Search", specify "OAQ" in the Program search field, specify the five-digit permit number "48529" in the Permit # search field, then click the Search button at the top or bottom of the webpage.

whether or not to hold a public hearing. IDEM could also decide to hold a public meeting instead of, or in addition to, a public hearing. If IDEM decides to conduct a public hearing and/or public meeting, IDEM will post a separate announcement of the date, time, and location of that public hearing and/or public meeting on IDEM's website (<https://www.in.gov/idem/public-notices/>). If the permit is issued, it may be different than the draft permit because of comments that were received during the public comment period. If comments are received during the public notice period, the final decision will include a document that summarizes the comments and IDEM's response to those comments.
