Emergency Services/ Police Fire Ambulance

There is a large Brightspeed outage impacting Indiana. This has impacted White County and to help alleviate the impact on White Co we have an alternate line to access Police/Fire/Ambulance 1-219-220-8213. This will ring into the 911 Center. Wireless cell phones are not affected. You can still call 911 from your cell phone to get emergency assistance in White Co
