Re: Southwest Parke Community School Corporation (the "School Corporation")
Referendum Question

Dear Mr. Marusarz:

Pursuant to the feedback received from the Indiana Department of Local Government Finance we have determined to adjust the question for School Corporation to read as follows:

"Shall Southwest Parke Community School Corporation increase property taxes paid to the school corporation by homeowners and businesses? If this public question is approved by the voters, the average property tax paid to the school corporation per year on a residence would increase by 14.20% and the average property tax paid to the school corporation per year on a business property would increase by 14.20%. The political subdivision may issue bonds or enter into a lease to finance the construction of all or a portion of the construction and equipping of an auxiliary gym at Riverton Parke Junior/Senior High School together with other related improvements, upgrades, equipping, and renovations in connection therewith, which is estimated to cost \$10,000,000 over 22 years. The School Corporation has not previously proposed a property tax referendum."

Please let us know if you have any additional comments, questions or feedback.

Sincerely,
