Bidders List for February 2026 Letting and

BidX Small Business Network Training (Virtual) Thursday, February 5, 2026 – 12:00 PM EST

Last December, INDOT announced the new bidders' registration process for construction contracts, which also marked the end of posting the Bidders & Planholders list beginning with the February letting. At that time, we anticipated a strong interest in alternative tools to support market visibility and communication. We introduced the BidX Small Business Network (SBN) during those sessions and expected the bidding community to begin transitioning their quoting practices accordingly.

However, based on the volume of recent inquiries, it is clear that additional guidance is needed. We understand that the bidding community is not ready to adapt to this change in time for the February letting. We will post the Bidders & Planholders report one last time. This will be on the letting web page by Monday. Also, INDOT has coordinated with BidX® to offer a dedicated training session on the Small Business Network. This is an alternative way to share quotes and prices that contractors can use. It is not a requirement of INDOT to adopt. All members of the bidding community are invited to attend.
