ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 58

[AD-FRL-6221-2]
EIN 2060-AF71

Ambient Air Quality Surveillance for Lead

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: Lead air pollution levels measured near the Nation's roadways

[[Page 3031]]

have decreased 97 percent between 1978 and 1997 with the elimination of lead in gasoline used by on-road mobile sources. Because of this historic decrease, EPA is reducing its requirements for measuring lead air pollutant concentrations near major highways, while retaining its focus on point sources and their impact on neighboring populations. The EPA published a direct final rule for ambient air quality surveillance for lead on November 5, 1997 (62 FR 59313). Due to adverse comments received, the rule was withdrawn on December 23, 1997 (62 FR 67909). Based on comments that were received, today's action revises 40 CFR part 58 lead air monitoring regulations to allow many lead monitoring stations to be discontinued while maintaining a core lead monitoring network in urban areas to track continued compliance with the lead National Ambient Air Quality Standards (NAAQS). This action does not diminish existing requirements for lead ambient air monitoring around lead point sources. Approximately 70 of the National Air Monitoring Stations (NAMS) and a number of the State and Local Air Monitoring Stations (SLAMS) could be discontinued with this action, thus making more resources available to those State and local agencies to deploy lead air quality monitors around heretofore unmonitored lead point sources. Affected industries include primary and secondary lead smelting, lead battery recycling, and primary copper smelting.

DATES: The effective date of this rule is February 19, 1999.

ADDRESSES: All comments relative to this rule have been placed in Docket No. A-91-22, located in the Air Docket (LE 131), U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460. The docket may be inspected between 8 a.m. and 5:30 p.m., Monday through Friday, excluding legal holidays. A reasonable fee may be charged for copying.

for Public Comment
and Public Hearing
Request for Redesignation
for Lead in
Marion County

Notice is hereby given under 40 CFR 51.102 that the Indiana Department of Environmental Management (IDEM) will hold a public hearing on Wednesday, February 2, 2000 in Marion County. The purpose of the hearing is to receive public comment on the proposed Revision to the Indiana State Implementation Plan Request for Redesignation for Lead in Marion County. The Marion County meeting will convene at 5:00 p.m. (local time) at the Indiana Government Center South, 402 West Washington Street, Indianapolis, Indiana, Room 4. All interested persons are invited and will be given reasonable opportunity to express their views concerning the proposal. The proposal that is the subject of the hearing concerns residents of Marion County (part) - (part of Franklin Township: area bound by Thompson Road on the south; Emerson Avenue on the west; Five Points Road on the east; and Troy Avenue on the north) - (40 CFR 81.215 (updated 1994 and Marion County (part) - (part of Wayne Township: area bound by Rockville Road on the north; Girls School Road on the east; Washington Street on the south; and Bridgeport Road on the west) - (40 CFR 81.215 (updated 1996)).

The purpose of the proposal is to request the U.S. Environmental Protection Agency to formally redesignate these areas to attainment for lead, since the ambient air meets federal and state health standards for lead. Copies of the above proposal are available to any person upon request and are available for public inspection at the following locations: Indiana Department of Environmental Management, Office of Air Management, Indiana Government Center North, 100 North Senate Avenue, 10th floor-East wing, Indianapolis, Indiana; Legislative Services Agency, Indiana Government Center South, Room E011, 302 W. Washington Street, Indianapolis, Indiana; Marion County Public Library, 40 East St. Clair Street, Indianapolis, Indiana.

Oral statements will be heard, but for the accuracy of the record, please submit statements in writing to the attendant designated to receive written comments at the public hearing. IDEM will also accept written comments through February 9, 2000. Mailed comments should be addressed to: Lead Redesignation for Marion County, Kathryn Watson, Chief, Air Programs Branch, Office of Air Management, P.O. Box 4015, Indianapolis, IN 46206-0015.

A transcript of the hearing and all written submissions to the board of the public hearing shall be open to public inspection at the Indiana Department of Environmental Management and copies may be made available to any person upon payment of reproduction costs. Any person heard or represented at the hearing or requesting notice shall be given written notice of the action of the board.

For additional information contact Judy Lombardo at the Indiana Department of Environmental Management, Office of Air Management, Room 1001, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5680 or (800) 451-0277 ext. 3580 (in Indiana).

JANET G. MCCABE
Assistant Commissioner
Office of Air Management

Individuals requiring reasonable accommodations for participation in this event should contact the Indiana Department of Environmental Management, Americans with Disabilities Act coordinator at: Attn: Brandye Hendrickson, ADA Coordinator, Indiana Department of Environmental Management, 100 N. Senate Avenue, P.O. Box 4015, Indianapolis, IN 46206-0015 or call (317) 233-1785. Speech and hearing impaired callers may contact the agency via the Indiana Relay Service at (317) 222-4565. TDDs provide a minimum of 72 hours notification. (317) 233-4903.

**Legal Notice of 30-Day Period

THE HEARING OFFICER: This is a public hearing to accept comments on the Indiana Department of Environmental Management's request for redesignation for lead attainment for Marion County.

My name is Judy Lombardo, Environmental Scientist in the Air Programs Branch at IDEM. I have been appointed to act as Hearing Officer. With me is Kathy Watson, Chief of IDEM's Air Programs Branch; Ken Ritter, Chief of IDEM's Technical Support and Modeling Section; Rick Martin, Planning Manager of the Indianapolis Environmental Resources Management Division; and Amy Silver, consultant for the Indianapolis Environmental Resources Management Division.

Notice of the time and place of the hearing was provided by law by publication in the following newspaper: The Indianapolis Star.

Will the official reporter designated for this hearing please stand and raise his right hand and state his name?

1 (Reporter sworn.)

2 THE HEARING OFFICER: The Office
3 of Air Management has submitted a request for
4 redesignation for lead attainment for Marion
5 County. I will provide a brief background on
6 this request later during the meeting.

7 The purpose of this public hearing is
8 to provide interested persons an opportunity to
9 offer comments to the agency on the submittal.
10 Appearance blanks have been distributed in the
11 hearing room for all those desiring to be shown
12 appearing on record in this cause.

13 If you have not already filled out the
14 form, please do so, and indicate if you are
15 appearing for yourself or on behalf of a group
16 or organization, and identify the group or
17 organization. Also note the capacity in which
18 you appear, such as attorney, officer or
19 authorized spokesperson.

20 Any person who is heard or represented
21 at this hearing, or who requests notice, may be
22 given written notice of the final action on this
23 submittal. Please indicate on the appearance

1 blanks if you wish to receive this notification.
2 When appearance cards have been completed, they
3 should be handed to me and I will include them
4 with the official record of this proceeding.

5 Oral statements will be heard, but
6 written statements may be handed to me or mailed
7 to the Office of Air Management on or before the
8 close of business on February 9th, 2000.

9 A written transcript of this hearing is
10 being made. The transcript will be open for
11 public inspection, and a copy of the transcript
12 will be made available to any person upon the
13 payment of copying costs.

14 After the conclusion of this public
15 hearing, I will prepare a written report
16 summarizing the comments received at this
17 hearing, and recommending changes which may need
18 to be made to this document.

19 I would like to introduce the following
20 documents into the record: The Notice of Public
21 Hearing, and the document titled, "Request for
22 Redesignation for Lead Attainment for Marion
23 County."

1 I would like to briefly go over the
2 background and the content of IDEM's submittal
3 to redesignate Marion County to attainment for
4 lead. Based upon monitored violations of the
5 lead standard, portions of Marion County have
6 been designated as nonattainment for lead. This
7 request is to change the status to attainment
8 for the entire county.

9 In order for a county to have its
10 status changed, it must meet several
11 requirements established by U.S. EPA. These
12 are: Ambient monitoring data showing that the
13 county has met the National Ambient Air Quality
14 Standards for the past three years; air quality
15 improvements that can be attributed to
16 reductions in lead emissions which are permanent
17 and enforceable; and a maintenance plan that
18 assures continued attainment of the standard.

19 The document shows that all of the
20 above criteria have been met. Enclosure A-Item
21 2 of the document contains charts that show the
22 monitored values since 1985. These charts show
23 that the values are well below the standard and

1 there have been no exceedences in Marion County
2 since 1994. The ambient air quality network
3 will continue to monitor lead in the future.

4 IDEM has compiled an emissions
5 inventory since 1985. While collection
6 techniques and quality assurance procedures have
7 changed since the earliest inventories, our
8 inventories show that emissions have greatly
9 decreased over the years in which IDEM's lead
10 rules were being implemented.

11 Finally, this request also contains a
12 maintenance plan which will be used to assure
13 continued attainment. It contains specific
14 monitored levels which will trigger responses by
15 IDEM.

16 This concludes my comments about
17 Indiana's Attainment Demonstration for Lead for
18 Marion County, and the hearing is now open for
19 public comment. Are there any public comments?

20 MS. HOWARD: Well, I think we're
21 grateful that this has happened, and appreciate
22 everybody's hard work and putting up with us
23 during the time when we kept griping.

1 MS. WATSON: Can you state your
2 name for the record?

3 MS. HOWARD: My name's Kathy
4 Howard.

5 THE HEARING OFFICER: Any other
6 comments?

7 (No response.)

8 THE HEARING OFFICER: Okay. The
9 proceedings are hereby concluded, and the
10 hearing is adjourned.

11 - - -
12 Thereupon, the proceedings
13 of February 2, 2000 were concluded
14 at 5:06 o'clock p.m.

CERTIFICATE

I, Lindy L. Meyer, Jr., the undersigned
Court Reporter and Notary Public residing in the
City of Shelbyville, Shelby County, Indiana, do
hereby certify that the foregoing is a true and
correct transcript of the proceedings taken by
me on Wednesday, February 2, 2000 in this matter
and transcribed by me.

Lindy L. Meyer, Jr.,

Notary Public in and
for the State of Indiana.

My Commission expires October 27, 2000.

Enclosure F

CITY OF INDIANAPOLIS
STEPHEN GOLDSMITH
MAYOR

Item 2

February 2, 2000

Ms. Janet McCabe
Assistant Commissioner
Indiana Department of Environmental Management
Office of Air Management
105 S. Meridian Street
P.O. Box 6015
Indianapolis, IN 46206-6015

Dear Ms. McCabe:

On Wednesday, February 2, 2000, a Public Hearing was held Indiana Government Center South to receive public comments on the proposed SIP submittal to USEPA to redesignate a portion of Franklin and Wayne Townships in Marion County to attainment with the National Ambient Air Quality Standards for Lead. The City of Indianapolis, Environmental Resources Management Division would like to enter the following comments into the Public Record.

The City of Indianapolis strongly supports this request to redesignate these portions of Marion County to attainment with the National Ambient Air Quality Standards (NAAQS) for Lead. The City has worked closely with the Indiana Department of Environmental Management and others over the last several years to improve the air quality in Indianapolis and eliminate exceedances of the NAAQS. We would like to thank IDEM for their guidance and support in realizing this important accomplishment. The areas identified in the Request for Redesignation have not exceeded the ambient air quality standards for several years, and all conditions included in the Lead State Implementation Plan for these areas have been satisfied. We encourage the United States Environmental Protection Agency to support this request.

Thank you for this opportunity to comment, and if there are any questions please contact Richard Martin of my staff at (317) 327-2269.

Sincerely,

Robert Holm, PhD
Administrator
Environmental Resources Management Division

Cc: Mary Uhler
