Indiana Department of Environmental Management

HOOSIER RIVERWATCH WORKSHOPS

Are you interested in learning about water quality and protecting Indiana's waterways?

The Indiana Department of Environmental Management staff can arrange an educational workshop for your group.

Participants must be 18 years or older.

Workshop is **FREE!**

Hands-on training will introduce participants to habitat, chemical, and biological assessment techniques.

Participants can submit data that leads to the conservation of crucial aquatic ecosystems.

Workshops can be set up for any interested parties.

If interested, please reach out to IDEM staff:
