1. Briefly describe the *impacts or wastes* eliminated resulting from the environmental initiative(s). If multiple initiatives, please indicate which specifically.
 We were able to substitute a cleaning solvent that we use in a process to a less hazardous chemical.

2. Are there other best management practices (BMPs) you can share correlating to your initiative(s)?
 Leadership involvement and buy-in is key!

3. If the objectives and targets associated with the environmental improvement initiative(s) were not attained, please verify continued progress toward the environmental initiative(s). If multiple initiatives, please indicate which specifically.
 Corrective actions are done for any objectives that do not meet target to show improvement. For energy, we are enrolled in an ISO 50001 ready program in 2020 to manage our energy use. For hazardous waste we are looking at process changes and end use of the materials.

4. Please provide a narrative summary of progress made toward *qualitative, significant* EMS objectives and targets, if any.
