December 11, 2017

Dear Secretary:

Pursuant to 170 IAC 1-6 I&M submits this thirty-day filing requesting approval of an updated Net Metering Service Rider (NMS). Revisions to I&M's Rider NMS address new renewable resource reservations and increased cap on net metering as a percentage of the most recent summer peak load. These changes are consistent with recent changes in I.C. §8-1-40, rules governing net metering installations in the State of Indiana and are appropriate for a thirty-day filing under 170 IAC 1-6-3 (3).

In support of this 30-Day filing, I&M is submitting the following information:

1. A redlined and clean copy of Indiana Michigan Power Company's Net Metering Service Rider (NMS) first revised sheet numbers 33.
2. Exhibit "A" proof of publication, and
3. Notarized Verified Statement of Publication.

Upon completion of your review, please return to I&M one set of the stamped approved tariff sheets.

If you have any questions regarding I&M's filing please contact me at (260) 408-3536 or at my email address kccooper@aep.com.

Sincerely,

A handwritten signature in blue ink that reads "Kurt C. Cooper". The signature is fluid and cursive, with a long horizontal stroke at the end.

Kurt C. Cooper
Regulatory Consultant Principal

**RIDER NMS
(Net Metering Service Rider)**

Availability of Service.

This rider is available to customers in good standing who own and operate an eligible net metering renewable energy resource such as solar photovoltaic, wind, biomass, or hydro electrical generating facility designed to operate in parallel with the Company's system. Customers served under this rider must also take service from the Company under the otherwise applicable standard service tariff.

The total rated generating capacity of all net metering customers served under this rider shall be limited to one and one half percent (1.5%) of the Company's most recent Indiana aggregate summer peak load. At least forty percent (40%) of the capacity is reserved solely for participation by residential customers and fifteen percent (15%) of the capacity is reserved for organic waste biomass resources as defined in IC 8-1-37-4(a)(5). Service under this rider shall be available to customers on a first come, first served basis.

Conditions of Service.

1. For purposes of this rider, an eligible net metering facility is an electrical generating facility that complies with all of the following requirements:
 - (a) is fueled by a renewable energy resource as defined in IC 8-1-37-4(a)(1) through IC 8-1-37-4(a)(1)(8) such as solar photovoltaic, wind, biomass, or hydroelectric energy;
 - (b) has a nameplate capacity less than or equal to 1 MW;
 - (c) is owned and operated by the customer and is located on the customer's premises;
 - (d) is intended primarily to offset all or part of the customer's own electrical load requirements; and
 - (e) is designed and installed to operate in parallel with the Company's system without adversely affecting the operation of equipment and service of the Company and its customers and without presenting safety hazards to Company and customer personnel.
2. A customer seeking to interconnect an eligible net metering facility to the Company's system must submit to the Company's designated personnel a completed Application for Interconnection with the Indiana Michigan Power Company Distribution System and a one-line diagram showing the configuration of the proposed net metering facility. The Company will provide copies of all applicable forms upon request.
3. An Addendum to Contract for Electric Service between the Company and the net metering customer must be executed before the net metering facility may be interconnected with the Company's system.
(Cont'd on Sheet No. 33.1)

**LEGAL NOTICE
STATE OF INDIANA
INDIANA UTILITY
REGULATORY COMMISSION**

Indiana Michigan Power Company (I&M), an Indiana corporation, gives notice that on or before November 11, 2017, it will submit for approval under the Indiana Utility Regulatory Commission's thirty-day filing process a request to approve an updated Net Metering Service Rider (Rider NMS), to be effective the first billing cycle for January 2018, which falls on December 29, 2017. The referenced filing will modify Rider NMS to be consistent with I.C. §8-1-40 et seq. governing rules around net metering installations in the State of Indiana. I&M customers potentially affected by this filing include those customers currently billed under I&M's Rider NMS and those interested in installing renewable energy resources under the provisions of this rider in the future. A decision on the proposed Rider NMS language changes should be received from the Indiana Utility Regulatory Commission on or before December 27, 2017.

Please direct inquiries to:

Indiana Michigan Power Company

VERIFIED STATEMENT OF PUBLICATION

Kurt C. Cooper, being duly sworn upon oath, deposes and says that:

1. I am a Regulatory Consultant Principal for Indiana Michigan Power Company (I&M).

2. Pursuant to 170 IAC 1-6-5(a), I affirm that affected customers have been notified of I&M's thirty-day filing of an updated Net Metering Service Rider (NMS) to be effective from December 29, 2017 as required under 170 IAC 1-6-6.

3. Notification of the thirty-day filing regarding the updated language to Rider NMS was made by publication of a Legal Notice in a newspaper of general circulation that has a circulation encompassing the highest number of I&M's customers, and posting the notice on I&M's website.

4. A true and correct copy of I&M's Legal Notice is attached hereto as Exhibit "A".

Date: November 15, 2017
