Re: Electric Vehicle Charging on Public Premises (Rate EVP)

Dear Secretary:

Pursuant to 170 IAC 1-6 (Rule 6), the Thirty-Day Administrative Filing Procedures and Guidelines Rule, Indianapolis Power & Light Company (IPL) submits herewith for filing a revised Rate for Public Charging of Electric Vehicles (Rate EVP).

Rate EVP was most recently extended beginning on March 31, 2016, and provides for public Electric Vehicle charging at the rate of \$2.50 per charge. IPL currently has 20 public charging stations on Rate EVP. All charging stations have been temporarily removed and most will be replaced or upgraded by the end of January 2018. Of the twenty charging stations, eight have received little to no use for several years. Based on this usage history IPL plans to retain 12 public charging stations. These stations continue to provide a positive customer experience, make Indianapolis an attractive option to those interested in EVs, and serve to reduce range anxiety.

IPL respectfully requests approval of a continuation of this tariff under the 30-day filing procedure with the extension effective beginning on April 1, 2018, and continuing for two years.

The following documents are attached:

Exhibit A - IPL's proposed revised Electric Vehicle Charging on Public Premises (Rate EVP), 1st Revised Sheet No.140 (Clean version)

Exhibit B - IPL's proposed revised Electric Vehicle Charging on Public Premises (Rate EVP), 1st Revised Sheet No.140 (redlined version)

In addition, this filing contains a Verified Statement by IPL concerning notification of customers regarding the revisions to Rate EVP and a copy of such notification.

Please contact me with any questions regarding this matter at (317) 261-5642 or elaine.chambers@aes.com.

Sincerely,

Elaine Chambers
Manager, Rates and Regulations

RATE EVP
ELECTRIC VEHICLE CHARGING ON PUBLIC PREMISES

AVAILABILITY:

Available to Customers charging their electric vehicles (EVs) at certain public charging facilities located within the Company's assigned utility service area. Such public charging facilities may be located at hotels, museums, public parking facilities, etc. Participation is voluntary. Energy consumption billed under this rate shall be used exclusively for charging licensed electric vehicles.

EQUIPMENT:

The Company will own and operate the public charging equipment and will install, own and operate any necessary metering equipment subject to a lease agreement with the owners of the property on which public charging equipment is located. Customer's charging system in the electric vehicle must meet applicable standards. Further, Customers must take responsibility for (and indemnify and hold the Company harmless with respect to) the adequacy, condition and operation of the Customers' charging system in the electric vehicle.

METERING AND BILLING:

EV charging service will be billed and paid for at the point of service prior to charging by means of credit, debit, or pre-paid cards, as determined by the Company, at rates specified in this rate schedule. The charging service will be metered separately.

CHARACTER OF SERVICE:

Sixty cycle alternating current energy, ordinarily delivered and measured at 120/240 volts single phase three wire, 120/240 volts three phase four wire, or 120/208 volts three phase four wire, at the option of the Company. Service provided includes use of the charging equipment, electricity needed per session, and the convenience of charging in a public location.

RATE:

During the term of this rate, the initial service charge is a flat fee of \$2.50 per charging session. The Company may seek authority to change this rate, if approved by the Indiana Utility Regulatory Commission.

STANDARD CONTRACT RIDERS APPLICABLE:

NONE

PAYMENT:

This rate requires Customers to prepay for the voluntary service provided pursuant to this tariff by means of credit, debit, or pre-paid cards only, as determined by the Company. Payment must be made before charging service is rendered.

TERM:

The anticipated term for this rate is two (2) years beginning with the Commission approved effective date.

RULES:

Service hereunder shall be subject to the Company's Rules and Regulations for Electric Service, and to the Rules and Standards of Service for the Electrical Public Utilities of Indiana prescribed by the Indiana Utility Regulatory Commission, as the same are now in effect, and as they may be changed from time to time hereafter.

Effective

Verified Statement of Indianapolis Power & Light Company (IPL)
Concerning Notification of Customers Affected by the Electric Vehicle Charging on
Public Premises

Indianapolis Power & Light Company complied with the Notice Requirements under 170 IAC 1-6-6 in the following manner:

- beginning on January 26, 2018 and continuing through the filing date, the attached notice was posted in the Customer Service Office at 2102 N. Illinois Street
- beginning on January 26, 2018 and continuing through the filing date, the same notice was posted on IPL's website under the Pending section of the Rates and Regulatory area
- a legal notice placed in the Indianapolis Star on January 26, 2018 as evidenced by the attached Publishers Affidavit; and
- beginning on the filing date, a copy of the Electric Vehicle Charging 30 day filing will be included on IPL's website under the Pending section of the Rates and Regulatory area

I affirm under penalties for perjury that the foregoing representations are true to the best of my knowledge, information, and belief.

Dated this 2nd day of February, 2018.

Elaine Chambers
Manager, Rates and Regulations

LEGAL NOTICE

Notice is hereby given that on or about February 2, 2018, Indianapolis Power & Light Company expects to file a request for approval of a Tariff, entitled Rate EVP—Electric Vehicle Charging on Public Premises, with the IURC. The continuation of Rate EVP will affect only those members of the public who voluntarily pre-pay for public vehicle charging. IPL anticipates approval of the filing on or before March 31, 2018. Rate EVP will be in place for approximately two years, or until terminated or superseded by new rates approved by the IURC.

This notice is provided to the public pursuant to 170 IAC 1-6-6. The contact information, to which an objection should be made, is as follows:
