Comments (Please attach additional pages if needed.)	
Please move forward with this Bridges Project. It will benefit our community for years to come, and especially for our children. The closing of the Sherman Minton bridge helps to magnify the importance of starting this project next year. The need for new bridges can not be ignored, and it will improve safety. The benefits of this project for Greater Louisville will be seen for decades. The economic benefits will help this entire area. Please begin construction in August 2012!! Thank you.
