Dear Secretary:

Pursuant to 170 IAC 1-6 and as approved in Cause No. 44511, I&M submits this thirty-day filing requesting approval of an updated fixed block monthly rate for I&M's Green Power Rider (GPR). In support of this thirty-day filing, I&M represents that on February 4, 2015 in Cause No. 44511, the Commission approved I&M's GPR. I&M's GPR provides customers the opportunity to support the development of solar power by voluntarily subscribing each month to a specific number of 50 kWh blocks of Solar Renewable Energy Certificates (SRECs). In addition, in Cause No. 44511, the Commission approved I&M's request to establish the GPR fixed block Monthly Rate using the most appropriate vintage of Pennsylvania Solar REC (PA SREC), as published by SNEnergy in its Power Daily Newsletter RECs Index.

As provided in Attachment A, the fixed block Monthly Rate is based on the 2018 Vintage 52-week average of the Pennsylvania Solar REC for the period ending July 1, 2018. One Solar REC represents 1,000 kWh. Therefore, as shown below, the resultant 52-week average Solar REC price (\$9.70) is divided by 20 to derive the 50 kWh block rate. In addition, pursuant to order in Cause No. 44967, I&M is to include an agreed upon amount for marketing costs.

**50 kWh Block Monthly Rate = 52-Week Average SREC Price (\$9.70) / 20 = \$0.49**  
**Marketing cost for the GPR for subscriptions during 2019 = \$0.50**  
**Total proposed per block Monthly Rate = \$0.99**

I&M requests approval of the updated 50 kWh block Monthly Rate, derived above, with an effective date of December 31, 2018 (first billing cycle of January 2019) as shown on the attached GPR tariff sheet. The requested approval of I&M's GPR block rate will establish the GPR block rate to be in effect through 2019. In accordance with the Commission's Orders in Cause Nos. 44511 and 44967, all revenues received under the GPR will be used toward GPR marketing expenses and to offset the cost of the FAC for all customers. Also, in accordance with the Order, I&M will retire all SRECs purchased by its customers.
