Mr. Paul E. Trost

December 13, 1974

All these operations hold valid county permits and have operated in compliance with standards imposed by the permits.

Exclusion from SPC-18 is hereby granted for these seven operations. Copies of Regulation SPC-18 are enclosed. It is understood that the exclusion for each operation shall remain valid only so long as no wastes other than those authorized by this letter and by Chapter IX, Section 1, are deposited.

Very truly yours,

Oral H. Hert

Dear Mr. Opel:

Please accept the attached list of Land Reclamation Sites in St. Joseph County which should be excluded from the permit section of SPC-18 due to the nature and quantity of material accepted in each of these locations.

Per our previous discussion none of these operations are in water or high water table areas, and have continued to cooperate with us at all times.

Should you have need of further information concerning these operations, please feel free to contact this office.

Sincerely,

Paul E. Trost
Pollution Control Officer
