ICG members,

MACOG has eight (8) project amendments to the SFY 2026-2030 TIP for consideration by the MACOG Policy Board on 03/11/2026. The projects are determined as exempt by MACOG and are not defined as non-exempt.

TIP Administrative Modifications made by MACOG in February are included in the Excel spreadsheet for your information.

Our proposed schedule for these additional amendments is as follows

03/03/2026 - ICG email communication

03/10/2026 - Deadline for ICG questions or comments on the included project amendments

02/27/2026 - 03/11/2026 - Public comment period for proposed amendments

In place of a conference call, I am providing the attached list of amendment requests. Please review and comment regarding the proposed amendments.

If you have any questions or concerns related to the proposed amendments, please let me know by 03/10/2026. Per ICG Conformity Consultation Guidance Document, no response can be interpreted as concurrence.

Thank you.

Carla

Hey Carla,

After looking at the projects, just one question: can you characterize what the "other" is for the first/new 'other intersection improvement'? nothing else from my end.

Good morning Carla,

FHWA has reviewed and would like to expand on EPA's question – what type of intersection improvements are Des #s 2600007, 2600006, 2500924, and 2500925?

Additionally, please clarify if Des #s 2500924 and 2500925 are being added to the TIP/STIP, or if they are existing and only a phase is being added.

Best,

Good Afternoon All,

2600007 and 2600006 are both proposed as reduced conflict intersections.

2500924 and 2500925 have previously been amended into the TIP with PE, and these actions are only adding RW. The project description is as follows:

Des 2500924-([US 20 US20](#) at Tulip Rd, 5.06mi W of US31): The current recommended alternative being considered for this project is an intersection improvement composed of an added left turn bay for US20 WB.

Des 2500925-([US 20 US20](#) at Smilax Rd, 5.8mi W US31): The current recommended alternative being considered for this project is an intersection improvement composed of an added left turn bay for US20 WB.

Thank you Caitlin,

FHWA has no further questions.

I will make note that the MACOG TIP link on INDOT's STIP website does not lead to an updated listing. Additionally, the MACOG TIP webpage pulls an error if I try to open the resolutions/amendments. These do not need to be corrected for ICG review, but might speed up the process if fixed/updated.
