F. Sorah Stein (LBA)

Ms. Stein appeared as requested to discuss an investigation filed against her certification by the BACB. The Committee has reviewed her case previously and requested a copy of the BACB investigation report. They reviewed the submitted report and discussed with Ms. Stein what remediation she was required to complete. She stated that she met with a supervisor on a quarterly basis and provided copies of her cases for him to review. The Committee noted that the notes provided by that supervisor are sparse. She indicated that he reviewed her cases remotely, and that he did not receive much information from the BACB on what to report on. She stated that since the case was closed by the BACB she has obtained free and clear licenses in the state of Missouri and Nevada where she provided all the information presented to Indiana. The Committee discussed the overview of her supervision, and what steps she has taken to ensure that there is not a repeated incident. She stated that she does not have anyone that is currently overseeing her work as she owns her own practice; however, she does have a number of professional consultants she interacts with on a daily basis who can report if there is a concern. She stated that she also engages in monthly mentorship meetings and has attended personal counseling. The Committee discussed the impact this incident has had on her, the child, and what she learned from the incident. Ms. Stein indicated that it has been over 5 years since the incident occurred, and she has not repeated the incident or had complaints filed against her practice. The Committee expressed concerns that she does not have an "end person" to help oversee her practice and help support her if she has another issue. The Committee requested additional documentation to be submitted in order for Ms. Stein to demonstrate safe practice.

At this time, the Committee tabled Ms. Stein's application in order for her to complete a fitness for duty report by an Indiana HSPP, letters from mentors who are licensed in Indiana, and letters from mentors licensed in other States.
