

RELEASE OF EMPLOYMENT HISTORY CITIZEN INSTRUCTIONS

To obtain a copy of employment history records which will be released directly to the citizen, please complete the attached form in its entirety and return with a copy of a valid identification card to wagerequest@dwd.in.gov. Submitting a copy of your valid identification card is required before information will be released.

IC 4-1-6-2(13)(B) stipulates the circumstances under which IDWD may release employment history information. Before information will be released, IDWD must understand how releasing the information will benefit you. Requests to release information will be denied if a brief written statement explaining how releasing the information will benefit you is not included on the form.

The Indiana Department of Workforce Development (IDWD) will release wage or employment history information to a third party only via the Last Known Employer (LKE) website. Third parties should navigate to <https://uplink.in.gov/lke> to submit requests for employment history information or apply for a Last Known Employer website account.

***Please Note:**

- **Non-IDWD forms will not be completed by IDWD staff.**
- **Unemployment insurance (UI) benefit information:** Applicants who have had an Indiana UI claim can obtain benefit information via their Claimant Self Service (CSS) account at uplink.in.gov/CSS/CSSLogon.htm. CSS support can be reached by navigating to webapps.dwd.in.gov/AskWorkOne or calling 800-891-6499.
- **Copies of IRS Form 1099-Misc:** Applicants who have had an Indiana unemployment claim can obtain copies of Form 1099-Misc issued by DWD for UI payments via CSS.

Information regarding employment history available via IDWD employer Unemployment Insurance Tax records:

- **If you need complete employment history records,** we recommend contacting the Social Security Administration, Internal Revenue Service, or Indiana Department of Revenue.
- The information IDWD has available is employer, not employee, records for the purposes of assessing an employer's Unemployment Insurance Tax **which is often not an accurate reflection of an individual's income or employment history.**
- IDWD employer tax records **do not include wages earned** in other states or U.S. territories, income earned which was or will be reported on a 1099-Misc Form (self-employment, contract employment, etc), or income earned through the performance of non-covered or excluded services described in IC 22-4-8.
- Employers report wages to IDWD quarterly. Even timely reports are often 4-6 months in the arrears.

Thank you,

Employment History Verification Unit
Indiana Department of Workforce Development
