Ms. Beth Heline
General Counsel
Indiana Utility Regulatory Commission
101 W. Washington, Suite 1500 East
Indianapolis, Indiana 46204

Dear Ms. Heline:

Thank you for the opportunity to provide input and feedback on improving procedural efficiencies with regard to docketed cases before the Indiana Utility Regulatory Commission (IURC). In addition to the items for consideration outlined in your April 6 email, NIPSCO offers the following items:

- (1) NIPSCO suggests that the Commission consider whether all Prehearing Conferences and paper hearings can be conducted via WebEx or some other telephonic means.
- (2) NIPSCO suggests that under the 30 day filing procedures there needs to be a deadline for comments and objections.
- (3) NIPSCO would like the Commission to reconsider its requirement of paper filings for 30+ pages.

If you have any questions, please let us know. Thanks.

Sincerely,

Claudia J. Earls
