Surveyors Report

Meredith has not heard from the Corps of Engineers regarding the work for Little Sandy. He did receive the return notice that the application was received.

Still waiting for harvesting to finish before starting any future projects due to requests from the farmers. They plan to have bids for the Jacob Lang drain at the October meeting and bids for J.B. Chrisney in November.

There will be a pre-bid meeting and take bids on Crooked Creek before we present the project to the County Council. At that point, he will know what amount of funding will be needed.

Gries received a complaint from a property owner regarding heavy rain backups located around Sweezer Ditch at County Road 450 W near Midway Park. Meredith reached out to the property owner, but no information was available at this time. He will continue to follow up.
