INDIANA HEALTH COVERAGE PROGRAMS BT2025130 SEPTEMBER 4, 2025

IHCP to mass adjust or reprocess claims for procedure code 96041 that denied incorrectly

The Indiana Health Coverage Programs (IHCP) announced coverage of Current Procedural Terminology (CPT®¹) procedure code 96041 – *Counseling for genetic testing provided by a genetic counselor, each 30 minutes of total time on the date of encounter* in IHCP Bulletins [BT202520](#) and [BT2025110](#).

The IHCP has identified an issue in the fee-for-service (FFS) claim-processing system that may have caused claims for procedure code 96041 adjudicated between Jan. 1, 2025, and Aug. 22, 2025, to be denied incorrectly.

The claim-processing system has been corrected. FFS professional claims for this service submitted with DOS on or after **Jan. 1, 2025**, and FFS institutional outpatient claims for this service submitted with DOS on or after **April 1, 2025**, will be mass adjusted or reprocessed. Providers should see adjusted or reprocessed claims on remittance advices (RAs) beginning Oct. 8, 2025, with internal control numbers (ICNs)/Claim IDs that begin with 52 (mass replacements non-check-related) or 80 (reprocessed denied claims).

Alternatively, providers can submit or resubmit FFS claims for this procedure code (along with the applicable revenue code for the outpatient claims) for DOS within the indicated time frame. Claims submitted beyond the original filing limit must include a copy of this bulletin as an attachment and must be submitted within 180 days of the bulletin's publication date.
