INDIANA HEALTH COVERAGE PROGRAMS BT202592 JUNE 26, 2025

IHCP updates CCBHC encounter codes

Effective July 28, 2025, the Indiana Health Coverage Programs (IHCP) will include the Current Procedural Terminology (CPT®¹) codes listed in Table 1 as valid encounter codes for certified community behavioral health clinic (CCBHC) claims. This update applies retroactively to claims with dates of service (DOS) on or after **Jan. 1, 2025**.

Beginning July 28, 2025, CCBHC providers may submit claims for these codes with DOS on or after Jan. 1, 2025. CCBHC claims for these codes with DOS on or after Jan. 1, 2025, that previously denied may be resubmitted. The claim must also include the T1040 encounter code and modifiers as listed in Table 1. Claims submitted beyond the original 180-day filing limit must include a copy of this bulletin as an attachment and must be filed within 180 days of the publication date.

The list of valid CCBHC encounter codes is reviewed periodically to account for new and end-dated procedure codes, and is available on the [Myers and Stauffer website](https://myersandstauffer.com) at myersandstauffer.com. If you have questions, contact Myers and Stauffer at 317-846-9521.

Table 1 – Procedure codes added as valid CCBHC encounter codes, effective for DOS on or after Jan. 1, 2025

Procedure code	Required modifiers	Code description
98000	Q2 95	New patient synchronous audio-video visit with straightforward medical decision making, if using time 15 minutes or more
98001	Q2 95	New patient synchronous audio-video visit with low medical decision making, if using time 30 minutes or more
98002	Q2 95	New patient synchronous audio-video visit with moderate medical decision making, if using time 45 minutes or more
98003	Q2 95	New patient synchronous audio-video visit with high medical decision making, if using time 60 minutes or more
98004	Q2 95	Established patient synchronous audio-video visit with straightforward medical decision making, if using time 10 minutes or more
98005	Q2 95	Established patient synchronous audio-video visit with low medical decision making, if using time 20 minutes or more
98006	Q2 95	Established patient synchronous audio-video visit with moderate medical decision making, if using time 30 minutes or more
98007	Q2 95	Established patient synchronous audio-video visit with high medical decision making, if using time 40 minutes or more
