Hey Andy,

EPA Region 5 has reviewed the Indiana projects and has no questions or comments, and concurs with the IN projects' exempt status. I'm checking with Neena (cc'd here), and one of us will respond to the Ohio group on the OH projects. For what it's worth I looked at those too and the turn lane for HAM CR 14.341 is a couple hundred feet so I anticipate we'll respond similarly to the Ohio group. We'll have a response to them shortly.
