SECTION D

ADDITIONAL INFORMATION

Why do we need this information?

This information will help IDEM to effectively manage the Environmental Stewardship Program.

What do you need to do?

Answer the questions as completely as possible.

1. In addition to ESP, please list environmental awards received or voluntary programs participated in during the past twelve (12) months.

My Enviromnetal team adopted McClain drive to help reduce litter and mow along both sides of the road.

2. Has your facility taken advantage of any ESP incentives? If so, please describe the implementation process and list additional benefits IDEM should consider.

Reduced our Bi-Monthly waste water sampling to once per month. We receive phone call from IDEM inspectors one day before their audit

3. If your facility was not registered to the ISO 14001 standard prior to becoming an ESP member, has ESP helped you to pursue registration? If so, how has ESP been instrumental in achieving registration?

We were certified under ISO-14001:2004 in 2003 before we became a member.

SECTION E

ENVIRONMENTAL IMPROVEMENT INITIATIVE RESULTS

Why do we need this information?

Facilities need to share the results of the environmental improvement initiative that was pursued during the reporting period. IDEM needs to report cumulative program reduction results.

What do you need to do?

Reference Section F for "Category" and "Indicator" options to complete this section. Summarize your facility's progress on achieving the initiative you identified in the application or last year's APR. For assistance, please call (800) 988-7901 or email esp@idem.IN.gov.

Initiative #1

Category 1: _____ Indicator 1: _____	Baseline (indicate measurement unit)	Current (indicate measurement unit)	Cost Savings
Calendar year	2016	2017	
Actual quantity (per year)	3956	7105	\$5,977.71
Production unit (select one)	Earned Labor Hours Production units xProduction lbs. Other -- specify (e.g. Gallons, length, etc.)		
Production Quantity	258,018	463,327	NA
Normalization factor (Current year production ÷ Baseline year production) 1.796			
Normalized quantity (Actual current year quantity ÷ Actual baseline quantity) x Normalization factor 5655.604			

Briefly describe *how* you achieved improvements for this environmental initiative or, if relevant, any circumstances that delayed progress. Cardboard reduction was the main objective. The program was suppose to start 2nd quarter of 2017, but implementation did not start until 10/10/17 This had to do with Customer delaying approval of the packaging to be used. The objective was to reduce cardboard by going to customers approved returnable dunnage.

Category 2: _____ Indicator 2: _____	Baseline (indicate measurement unit)	Current (indicate measurement unit)	Cost Savings
Calendar year	2016	2017	
Actual quantity (per year)	4434	7986	\$1,992.57
Production unit (select one)	Earned Labor Hours Production units xProduction lbs. Other -- specify (e.g. Gallons, length, etc.)

Normalized quantity (Actual current year quantity - Actual baseline quantity) x Normalization factor 6379.392			

Briefly describe *how* you achieved improvements for this environmental initiative or, if relevant, any circumstances that delayed progress. Wood Pallet reduction was the main objective. The program was suppose to start 2nd quarter of 2017, but implementation did not start until 10/10/17 This had to do with Customer delaying approval of the packaging to be used. The objective was to reduce wooden pallets by going to customers approved returnable dunnage.

Initiative #3

Category 3: _____ Indicator 3: _____	Baseline (indicate measurement unit)	Current (indicate measurement unit)	Cost Savings
Calendar year			
Actual quantity (per year)			
Production unit (select one)	Earned Labor Hours Production units Production lbs. Other -- specify (e.g. Gallons, length, etc.)		
Production Quantity			NA
Normalization factor (Current year production + Baseline year production)			
Normalized quantity (Actual current year quantity - Actual baseline quantity) x Normalization factor			

Briefly describe *how* you achieved improvements for this environmental initiative or, if relevant, any circumstances that delayed progress. In both objective cases of cardboard and wood pallet reduction the program was suppose to start 1st quarter of 2017. The program got delayed by the customer. It finnaly started on 10/10/17. The main objective was to reduce cardboard and wood pallets and use Customer returnable dunnage. The production numbers for full years for both the wood pallets and the cardboard Current year 2017 shows quantity saved compared to 2016.

1. Briefly describe the *impacts or wastes* eliminated resulting from the environmental initiative(s). If multiple initiatives, please indicate which specifically. In both cases we saved the cardboard purchased cost plus labor of bailing the cardboard and purchase and disposal of wood pallets.

2. Are there other best management practices (BMPs) you can share correlating to your initiative(s)?

We do bail the cardboard and recycle. We also have wood pallets recycled.

3. If the objectives and targets associated with the environmental improvement initiative(s) were not attained, please verify continued progress toward the environmental initiative(s). If multiple initiatives, please indicate which specifically.

We only obtained the objective results during the last quarter of 2017 due to a delay in the program.

4. Please provide a narrative summary of progress made toward *qualitative, significant* EMS objectives and targets, if any.

WE successfully bale most qualified cardboard and recycle wooden pallets. We also went with the new ruling on alcohol wipes by hauling them as non hazardous material .

5. Please list any state, U.S. EPA, or other partnership programs to which you are reporting this data (e.g., Energy Star, Project XL).

Net DMR electronically that goes to EPA

6. Is your entity willing to share the environmental improvement initiative(s) and its best management practices (BMPs) at the ESP Annual Meeting and/or a Partners for Pollution Prevention quarterly meeting or conference? ☒ Yes ☐ No
