SECTION D

ADDITIONAL INFORMATION

Why do we need this information?

This information will help IDEM to effectively manage the Environmental Stewardship Program.

What do you need to do?

Answer the questions as completely as possible.

1. In addition to ESP, please list environmental awards received or voluntary programs participated in during the past twelve (12) months.

Lawn care and trash pickup on McClain drive coming back to Our facility and Ivy Tech and Overton Carbide. We want to make sure the travel area stays environment friendly for all person using the roadway.

2. Has your facility taken advantage of any ESP incentives? If so, please describe the implementation process and list additional benefits IDEM should consider.

We currently went from two samples per month on waste water and now only sample once per month. We do get a phone call from IDEM inspector before they show up the next day for inspection. In the future we want to take advantage of Reducing reporting TTO from waste water semi-annual. Reduce using a continuous meter on our PH system and not take sampling everyday of production.

3. If your facility was not registered to the ISO 14001 standard prior to becoming an ESP member, has ESP helped you to pursue registration? If so, how has ESP been instrumental in achieving registration?

MCCA was ISO:14001 :2004 registered before becoming a member of the ESP Program.
