GENERAL NOTES	
	All earth shoulders, median areas, and cut and fill slopes shall be plain or mulch seeded except where sodding is specified.
	The final cross sections of the grading contract will be the original cross sections of the paving contract. However, partial or complete cross sections shall be taken if necessary to determine the actual excavation quantities.
	The paper relocation will be cross sectioned by the Engineer before construction.
	Existing asphalt pavement located outside the construction limits, between Sta. ____ and Sta. ____ shall be removed as directed.
	The quantity of peat excavation shown on the plans has been estimated on the basis of theoretical cross sections by using treatment of existing fills, treatment by removal, or treatment by displacement, where each treatment applies.

X Represents General Notes to be included in the Project.

SURVEYOR'S REPORT

LOCATION:

This survey is along S.R. 65 in Sections 11, 12 and 14, Township 4 South, Range 12 West and a part of Smith Township in Posey County, Indiana.

PURPOSE:

This survey was conducted for the improvement of the S.R. 65 roadway from approximate ¼ mile south of the southern limits of the Town of Cynthiana to the intersection with S.R. 68. It is not intended to be a retracement survey as defined by Title 865 of the Indiana Administrative Code and any boundary lines or corners are shown based only on visible physical evidence collected during the course of the survey and documents of record.

GENERAL NOTES:

Should additional USPLS corners be needed where none were found, they should be re-established and tied into this survey. Field measurements for this survey were made in accordance with the specifications outlined in Title 865 of the Indiana Administrative Code regarding route surveys. The decimal precision shown on this plat for measurements and coordinates is for consistency in mathematical calculations and is not intended to indicate the precision of the field work conducted during this survey.

Existing right-of-way lines, parcel boundary lines and owners' information shown on this plat are preliminary and subject to change based on the verification and validation of title. This information is shown only to help orient the user of this plat as it relates to project centerlines and is not intended to establish existing right-of-way lines or boundary lines. The source used to plat the right-of-way and boundary lines were the last deed of record for adjoining properties and plats obtained from the Office of the Recorder of Posey County as well as grants and deeds obtained from the Document and Research Section of the Indiana Department of Transportation (INDOT). The following plans were used for the establishment of alignments and existing right-of-way: Indiana Department of Highways Project No. ST-4565 (A) approved 1990 and INDOT Project No. ST-3926 (B) approved 2001. A Location Control Route Survey Plat prepared by Kenneth Jackson for the 2001 project and recorded as Instrument No. 20002752, was used to retrace the alignment near the north end of the project. In addition, recorded subdivision plats for the Original Plat of the Town of Cynthiana, Corrected Plat of Wilkinson's Second Addition, Montgomery's First Addition and Montgomery's Enlargement of Cynthiana and recorded surveys by Andy Easley Engineering (Book 1, Page 528 and Book 2, Page 318) were used to determine the location of boundaries shown hereon. The professional surveyor responsible for any right-of-way engineering for this proposed project shall complete the final determination of this information.

The locations of any easements shown hereon are based on those referenced in the last deed of record available at the Posey Recorder's Office. The easements shall not be considered to represent all possible easements which could be recovered by a complete title search.

ALIGNMENT:

The alignments shown in the plans noted above were retraced based on plans and deeds for property acquisition from these INDOT projects. Where the areas were platted, the alignment is shown in the center of the platted right-of-way. It is my opinion that the uncertainty associated with the alignment is approximately 0.2 feet.

STATIONING:

The stationing was based on the aforementioned plans and Location Control Route Survey Plat. It is my opinion that the uncertainty associated with the stationing is approximately 0.2 feet.

EVIDENCE OF POSSESSION:

Various fences and block walls were located during the course of the survey that appeared to indicated title ownership. It is my opinion that the uncertainty associated with the evidence of possession is 2.7 feet or less.

FOUND USPLS CORNERS:

The section corner monuments shown hereon were all found per ties provided by the Posey County Surveyor's Office or as shown on previous Location Control Route Survey Plats. It is my opinion that the uncertainty associated with these corners is less than one foot.

EXISTING RIGHT-OF-WAY

The plans, as well as the subdivision plats, were used to determine the existing right-of-way shown hereon. Most deed descriptions not within platted areas extend to the centerline of S.R. 65.

NOTES:

Unless noted otherwise, all bearings, distances, areas, and coordinates shown hereon are based upon the Indiana Geospatial Coordinate System's (InGCS) "Posey" zone per NAD 83 (2011) epoch 2010.00 and are reported in U.S. Survey Feet and decimal parts thereof.

InGCS "Posey" Zone Parameters
Geometric Datum: NAD 83(2011) epoch 2010.00
Projection Type: Transverse Mercator
Central Meridian: 87°57'00" west longitude
Central Meridian scale factor: 1.000013
Latitude of Grid Origin: 40°54'00" north latitude
False Northing: 36,000,000 m (118,110.00 U.S.Ft)
False Easting: 240,000,000 m (787,400.00 U.S.Ft)

FIELD SURVEYOR STATEMENT

THIS SURVEY, TO THE BEST OF MY KNOWLEDGE AND BELIEF, IS EXECUTED ACCORDING TO THE PROVISIONS OF TITLE 865 I.A.C. 1-12-20 THROUGH 1-12-26 REGARDING ROUTE SURVEYS, EXCEPT THAT ANY DATA SHOWN REGARDING THE LOCATION OR DESCRIPTION OF THE EXISTING PARCELS IS NOT A PART OF THIS SURVEY.

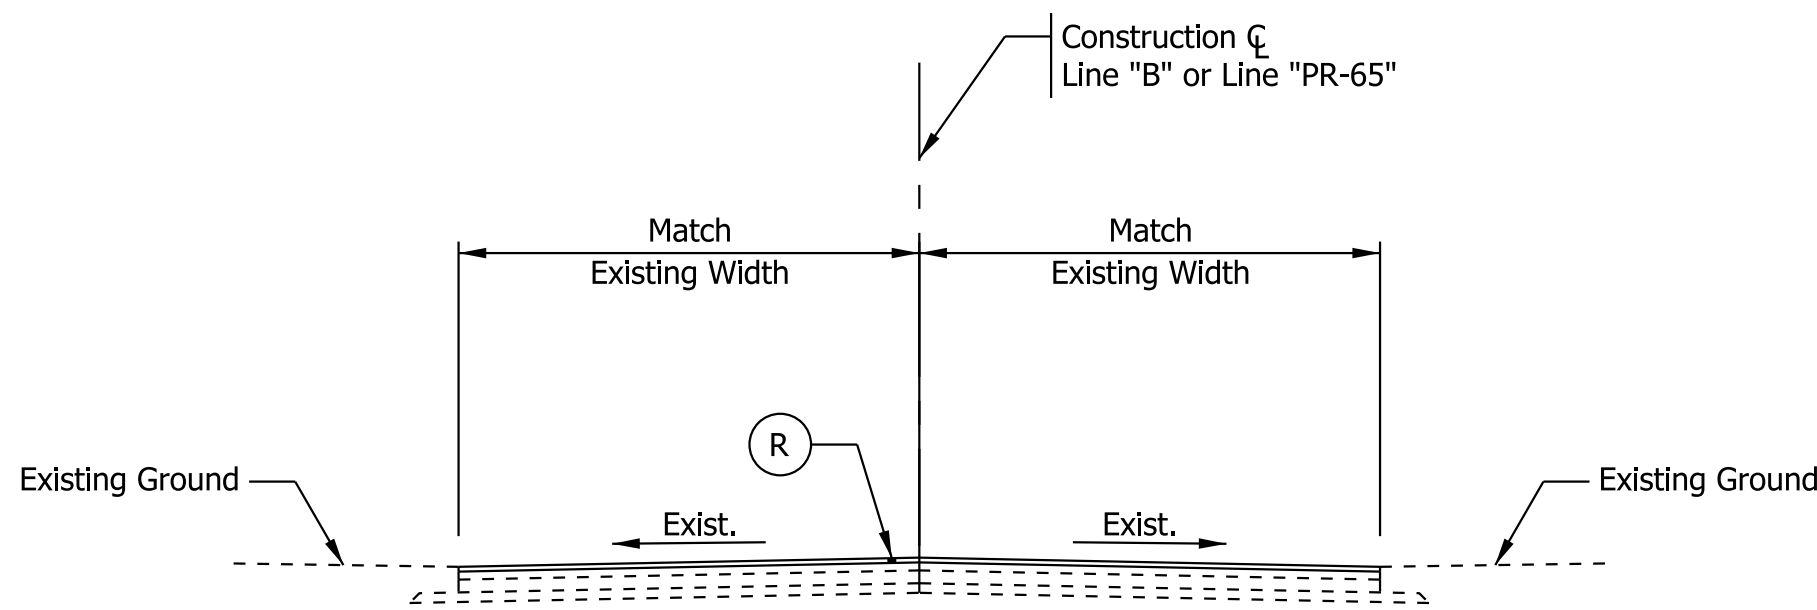

I AFFIRM, UNDER THE PENALTIES FOR PERJURY, THAT I HAVE TAKEN REASONABLE CARE TO REDACT EACH SOCIAL SECURITY NUMBER IN THIS DOCUMENT, UNLESS REQUIRED BY LAW.
