UNCOATED REINFORCING BAR MANUFACTURERS AND WWR FABRICATORS

Specific material codes are not listed. Reinforcing bars, dowel bars, welded wire reinforcement and wire are acceptable from the applicable sources listed herein. Use the applicable material code when reporting these materials.

Note: The first (top) letter or symbol identifies the producing mill. The second marking (a number) is the bar size. The third marking designates the type of reinforcing steel. The last set of markings, either numbers or lines, dictate the grade marking.

Specification Reference: 910.01 SM Producer/Supplier Type: Certified Uncoated
& ITM 301 Rebar Manufacturer
SM Material Code: 910M00007 to 910M00320
