SECTION 5. 170 IAC 1-2-4 IS AMENDED TO READ AS FOLLOWS:

(3) The locality at which the schedule applies. In event the rates, tolls or charges apply between various points, a description of the territory, briefly stated, must be given.

~~(7)~~**(5) Name, title and address of officer by whom schedule is issued.**

Commented [A3]: The OUCC requests that these two date requirements remain. In between base rate cases, tariffs and rates can change in a variety of ways, such as 30-Day Filings, Commission investigations, Trackers, specific docketed cases, tracker proceedings. In addition, some utilities do not update online tariffs immediately and can have old tariffs/rates listed on their website that are no longer accurate.

Sec. 5. ~~Schedule Shall Contain.~~ The **tariff** schedule itself shall ~~contain~~^{be arranged so as to show} the following:

Commented [A4]: The OUCC suggests the word "include."

(1) Index of contents, specifying page or item number, unless it contains so small a volume of matter that it plainly discloses its contents.

(2) ~~(If a joint schedule,) Names of public utilities participating, alphabetically arranged. If the number of participating public utilities is not too great, their names may be shown on title page.~~ The form and number of concurrence of participating public utilities must be shown.

to the page or pages, or item or items of the **tariff** schedule, or of previous supplement, which it amends.

(b) Except as otherwise allowed by this rule, a public utility shall only file the pages that are being amended.

(Indiana Utility Regulatory Commission; No. 17687: Construction And Filing Of Schedules, Rates And Charges By Public Utilities 6; filed Jan 2, 1946, 10:00 am: Rules and Regs. 1947, p. 1767; readopted filed Jul 11, 2001, 4:30 p.m.: 24 IR 4233; readopted filed Apr 24, 2007, 8:21 a.m.: 20070509-IR-170070147RFA; readopted filed Aug 2, 2013, 2:16 p.m.: 20130828-IR-170130227RFA; readopted filed Apr 11, 2019, 9:04 a.m.: 20190508-IR-170190136RFA; readopted filed Sep 12, 2025, 11:43 a.m.: 20251001-IR-170240381RFA)

Commented [A5]: Sometimes, it may make sense for a utility to file more pages than those being amended. Would it make sense to state that "A public utility shall file all pages that are to be amended. Unless required for clarity or another provision of this rule, the public utility shall only file the pages that are being amended."
