Frankfort, Kentucky 40601

ATTN: Mr. George Gilbert, Environmental Engineer Consultant

RE: Supplemental Environmental Impact
Statement (SEIS)
Louisville – Southern Indiana Ohio
River Bridges Project (Project)

Dear Sir:

This letter responds to your comments of June 10, 2011, June 14, 2011 and June 22, 2011 that were prepared after your review of the scoping information packet for the referenced Project. Your comments provided the locations of known waste management sites within your jurisdiction and associated permits and noted that caution should be exercised to avoid undue environmental liability. This supplied information will be utilized in the development of the SEIS.

We will continue to coordinate with your agency as a Participating Agency as the SEIS is developed. The *Alternatives Evaluation Document* was submitted by separate letter to you for review on August 10, 2011. We wish to thank you for your continuing effort in the development of this Project.

Very truly yours,

Janice Osadczuk
Engineering Services Team Leader
Federal Highway Administration
