 Implemented extensive recycling program campus wide and expanded animal feed recycling program for rejected liquid and powder products. Records for animal feed recycled from previous years have not been kept and are not readily available.

1. Briefly describe the *impacts* or *wastes* eliminated resulting from the environmental initiative(s). If multiple initiatives, please indicate which specifically.  
 1) Reduced water consumption resulted in less wastewater requiring treatment. 3) Off-Spec powder and liquid products that are now being recycled into animal feed uses keep material out of the landfill. Data from previous years for this program is not readily available.

2. Are there other best management practices (BMPs) you can share correlating to your initiative(s)? N/A

3. If the objectives and targets associated with the environmental improvement initiative(s) were not attained, please verify continued progress toward the environmental initiative(s). If multiple initiatives, please indicate which specifically. 2) Waste to Landfill initiative for 2015 was not met because equipment required to reduce the waste amount going to the landfill was not installed until late 2015. Operation of the unit in early 2016 shows that significant reductions in landfill waste is definitely possible for 2016.

4. Please provide a narrative summary of progress made toward *qualitative*, *significant* EMS objectives and targets, if any. N/A

5. Please list any state, U.S. EPA, or other partnership programs to which you are reporting this data (e.g., Energy Star, Project XL).
