Residential Care Facility Occupancy Report

07/01/2018

The *Residential Care Facility Occupancy Report* provides the occupancy rate for residential care facilities.

A report is produced for January 1 and July 1 of each year and based on facility reported occupancy data for those dates. The occupancy rate is based on the number of residential beds that a facility has licensed with the State Department of Health. Facilities often elect to not utilize beds in an individual unit. The occupancy rate is by bed rather than unit so the number of available beds at a facility may be fewer than listed.
