

County/Local Retention Schedule Instructions

Indiana Archives and Records Administration (IARA)
County/Local Records Management

These instructions apply to all approved County/Local Records Retention Schedules.

1) Reference the Appropriate Retention Schedule

Check your [office-specific Retention Schedule](#). If no Record Series applies, consult the [County/Local General Retention Schedule \(GEN\)](#). If no applicable record series is identified, contact IARA at cty@iara.in.gov for assistance.

2) Copy of Record vs. Duplicate

- Copy of Record: The official version that fulfills all legal and retention requirements.
- Duplicate: Other versions that contain the same information that are not used to fulfill all legal and retention requirements.

Unless a Record Series says otherwise, duplicates may be destroyed at any time without permission.

3) Digitizing Records

Records may be digitized under [OCPR Policies 20-01](#), [Policies 20-02](#), and IARA's [Electronic Records Guidelines](#).

After verifying completeness and legibility, the digitized record may be used as the Copy of Record, and the original then is considered a Duplicate.

Destroy the digitized version (now the Copy of Record) only after:

- Meeting the retention period.
- Completing a [Notice of Destruction of County/Local Government Records \(SF 44905\)](#). (Once destroyed, send the completed form to the [County Commission of Public Records](#).)

4) Managing Permanent and Critical Records

It is a best practice to maintain a physical copy of Permanent Records. For Critical Records, it is a best practice to maintain two copies: a physical copy that acts as the Copy of Record and a second copy that can be in any of the following approved formats:

- Physical paper or electronic format.
- Verified microfilm (per 60 IAC 2).
- Verified digitized files (per OCPR Policies and Electronic Records Guidelines).

Unsure if your record is scheduled? Need help?

Contact cty@iara.in.gov or (317) 232-3380.

5) Storage Options for Permanent and Critical Records

A Copy of Record may be stored:

- In the office of origin.
- With a trusted storage provider.
- In approved State/Federal Systems that meet standards and guarantee permanent access.

Store second copy separately to ensure continuity.

6) Managing Unscheduled Records

Before submitting forms for the destruction or transfer of unscheduled records, contact IARA for guidance. Approval is required prior to taking any action on unscheduled records.

7) Electronic Records Assistance

If you have questions about born digital records that are, or for help duplicating records electronically, contact the Electronic Records Program at erecords@iara.in.gov.

8) Litigation Holds

No record may be destroyed or transferred if it is involved in or anticipated to be involved in:

- Litigation, Claims, Audits, Public Information Requests, and/or Administrative Reviews.

Destruction or transfer can only proceed after all related actions are fully resolved.

9) Additional Guidance

- Multiple Record Series: If a record fits multiple Record Series, follow the longest applicable retention period.
- Form Examples: Forms listed in Record Series descriptions are examples, not exhaustive.
- Item Numbers: Used for convenience and may vary in printed copies.
- State Forms: To document destruction or transfer.
 - [State Form 44905](#): To destroy records on a retention schedule.
 - [State Form 30505](#): To destroy unscheduled records or severely damaged records.
 - [State Form 57236](#): To transfer scheduled or unscheduled records to state or county/local entities.
