Re: LSA Document #21-213; IURC RM #20-03

Dear Mr. Lannan:

Pursuant to IC 4-22-2.1-6, the Indiana Utility Regulatory Commission ("IURC") received the comments of the small business ombudsman regarding the rule proposed by the IURC in LSA Document #21-213, which amends 170 IAC 5-3 regarding minimum safety standards for the transportation of gas, hazardous liquids, carbon dioxide fluids, and related pipeline facilities.

The comments were received on October 7, 2021, which is more than seven (7) days prior to the Public Hearing scheduled in this matter for Thursday, November 4, 2021, at 9:30 a.m.

The IURC understands that the small business ombudsman concluded the proposed rule will not have a negative impact on small businesses. IC 4-22-2.1-6(c) requires the agency to fully consider the comments submitted by the ombudsman. The IURC does not intend to make any changes to the Proposed Rule based on your comments.

Thank you for your review and consideration of this matter.

Sincerely,

Jeremy Comeau
Assistant General Counsel
